Re: C. C. Cagle "C" Federal #4-L  
Sec. 3, T26S, R37E

Gentlemen:

Per your conversation with Evelyn Downs of this office concerning an extension of confidentiality for a period longer than our 90 days, I must advise it is not our policy to make exceptions to this regulation. Therefore since this is a "federal" well we are returning the logs to you and you may hold them until you have no objection to their release and then return them to us.

*logs Returned  
to OCD 2-17-92*

Also, we still have not received the notarized deviations surveys for this well. This well was permitted as a Rhodes Y-SR well but this acreage is already inside the Jalmat T-Y-SR Pool so you will need approval of a non-standard proration unit for 160 acres before an allowable can be assigned in the Jalmat Pool.

*rec'd 11-18-91*

*NSP

If you have questions, please contact Evelyn Downs at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
