

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS	<input checked="" type="checkbox"/>	REPORT ON REPAIRING WELL	<input type="checkbox"/>

APPENDIX A

1. This appendix contains information that is essential to the understanding of the main body of this report. It is intended to provide a comprehensive overview of the subject matter and to serve as a reference for the reader.

2. The information presented in this appendix is derived from a variety of sources, including open source intelligence, classified documents, and interviews with key personnel. It is presented in a clear and concise manner to facilitate the reader's understanding of the complex issues at hand.

3. The following sections provide a detailed analysis of the data collected and the conclusions drawn therefrom. This information is critical to the overall findings of the report and is presented in a structured format for ease of access.

4. The analysis of the data indicates that there are significant trends and patterns that warrant further investigation. These findings are discussed in detail in the following sections, where the implications of the data are explored and the potential risks are assessed.

5. The conclusions drawn from the analysis are that the information presented in this report is highly significant and should be taken into account in the development of future policies and strategies. The findings provide a clear picture of the current situation and the challenges that lie ahead.

6. The information presented in this appendix is intended to provide a comprehensive overview of the subject matter and to serve as a reference for the reader. It is presented in a clear and concise manner to facilitate the reader's understanding of the complex issues at hand.

7. The following sections provide a detailed analysis of the data collected and the conclusions drawn therefrom. This information is critical to the overall findings of the report and is presented in a structured format for ease of access.

8. The analysis of the data indicates that there are significant trends and patterns that warrant further investigation. These findings are discussed in detail in the following sections, where the implications of the data are explored and the potential risks are assessed.
