EXHIBIT F

**NON-STANDARD LOCATION (NSL) APPLICATION
TAMAROA OPERATING, LLC
LE RANCH 1
API 30-005-
1980' FNL & 270' FWL
SEC. 34, T. 11 S., R. 29 E.
CHAVES COUNTY, NM**

I. This proposed White Ranch; Siluro Devonian (64220) oil well is on fee surface and a fee oil and gas lease. Tamaroa will dedicate the 40 acres in the SWNW of Section 34 to the well. APD has been submitted to NMOCD and approval is pending.

The well will be nonstandard because the well is 60' too far west due to geology. Closest standard spacing would place the well at 330' FWL. The APD cover sheet is attached as Exhibit A.

II. Exhibit B, Form C-102, shows the well and dedication.

III. Leases are shown on EXHIBIT C. The well encroaches to the west (SENE Section 33), also a fee lease. SENE Section 33 and SWNW Section 34 have the same mineral ownership. Thus, correlative rights are not impaired by the NSL. This information is current and correct.

IV. Exhibit D shows the proposed NSL well and existing wells (all P&A). No Siluro Devonian wells or dedications are within a mile.

V. Archaeology is not an issue.

VI. The need is to recover additional reserves and prevent waste.

VII. Tamaroa does not believe drilling at a standard location would recover as many reserves. Three White Ranch; Siluro Devonian wells have been drilled, and

all produced, in the W2W2 Section 34. Closest such well (30-005-00424) is 390' east. The three wells produced from 24 to 26 years from that pool. Tamaroa seeks to drill the NSL well to avoid drilling on the wrong (standard) side of a north-south oriented fault and intersecting the down dip depleted reservoir related to the White Ranch 1 (30-005-00424). The potentially productive reservoir (Exhibit E), as defined by 3-D seismic, is restricted to the SWNW Section 34.

VIII. I hereby attest that I, on or before the date that the application was submitted to the NMOCD, sent notification to the affected persons (see EXHIBIT F) by certified mail, return receipt requested, advising them that if they have an objection it must be filed in writing within 20 days from the date the NMOCD receives the application. These affected persons have working or royalty interests in the quarter-quarters toward which the well will encroach.
