RE: Longfellow Energy, L.P.
Request for Administrative Approval of Non-Standard Location

Elvis State Com 29A 001H
N/2 N/2 Section 29, T17S, R28E
Eddy County, New Mexico
Artesia; Glorieta-Yeso Pool (Pool Code 96830)
API# 30-015-48184

Dear Mr. Lowe,

Pursuant to Division Rules 19.15.16.15(C)(6) and 19.15.15.13(C)-(D) NMAC, Longfellow Energy, L.P. ("Longfellow") requests administrative approval of a non-standard location for the above-referenced oil well in a 160-acre spacing unit, as described more fully below.

The standard setback in the horizontal plane from any point in the completed interval to any outer boundary of the horizontal spacing unit is 330 feet for an oil well. 19.15.16.15(C)(1)(a) NMAC. The completed interval of the above-referenced well, however, will be 169 feet at its closest point from the northern boundary of the spacing unit. Longfellow is requesting approval to decrease the setback for the completed interval of the above-referenced well.

The proposed surface and bottom hole locations and first and last take points are as follows:

1. SHL: 790' FNL and 560' FWL of Section 28-T17S-R28E
2. FTP: 169' FNL and 100' FEL of Section 29-T17S-R28E
3. LTP: 181' FNL and 100' FWL of Section 29-T17S-R28E

Mr. Lowe
May 13, 2021
Page 2

4. BHL: 181' FNL and 100' FWL of Section 29-T17S-R28E

It is Longfellow's responsibility as a prudent operator to maximize the recovery of oil and gas reserves left in the ground. Approval of the unorthodox completed interval will allow Longfellow to use its preferred well spacing plan for horizontal wells in this area and thereby maximize recovery and prevent waste.

Attached is the draft C-102 form and map indicating the offset tracts to assist the Division in its review of Longfellow's requests. Longfellow has sent notice to all affected persons on the enclosed spreadsheet by certified mail, return receipt requested, with a copy of this request, the plat, and the draft C-102. The notice also informs the affected persons that, if they object to the aforementioned requests, they must file the objection in writing with the Division within 20 days from the date the Division receives this administrative approval request. I attach a sample of the notice letter and a spreadsheet with the types of interests and names of the affected parties, the location of each parties' interest, the date the letter was sent, and the mail tracking number for the mailings that went out today.

Please let me know if you have any questions or concerns. Thank you for your assistance in this matter.

Very truly yours,

/s/Sharon T. Shaheen

Elvis State Com 29A 001H
N/2 N/2 Section 29, T17S, R28E
Eddy County, New Mexico
API# 30-015-48184

Pursuant to Division Rules 19.15.16.15(C)(6) and 19.15.15.13(C)-(D) NMAC, Longfellow Energy, L.P. has on this date made application to the New Mexico Oil Conservation Division ("NMOCD") for administrative approval of a non-standard location regarding the Elvis State Com 29A 001H (Pool Code 96830). A copy of the application is enclosed.

As the owner of an interest that may be affected, you have the right to object to the application. To do so, you must file a written protest with the NMOCD within twenty days. Failure to do so will prevent you from challenging the matter at a later time. A letter of protest may be sent to the NMOCD at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, directed to the attention of Leonard Lowe.

Should you consent to the application and the proposed Elvis State Com 29A 001H well location, you are requested to indicate your waiver of objection by signing
