Eddy County, New Mexico

Dear Mr. Lowe:

Pursuant to Division Rule 19.15.16.15(B)(5), Mewbourne Oil Company ("Mewbourne") respectfully requests administrative approval of a non-standard proration unit for its proposed Chile Verde 23/24 wells listed above. These wells will be drilled as horizontal oil wells in the Lone Tree Draw Wolfcamp (Oil) Pool (97208). The current spacing unit is a 320 acre unit, made up of 40 acre building blocks, with 330' set backs for the pool rules. Mewbourne is seeking an expanded 640 acre unit, with 330' set backs.

The Chile Verde 23/24 W0DA Fed Com #1H and Chile Verde 23/24 W0EH Fed Com #1H will be dedicated to a standard 640-acre oil spacing and proration unit comprising the N/2 of Section 23 and the N/2 of Section 24. There are currently no other existing Wolfcamp Oil wells producing from within the proposed spacing unit.

The non-standard proration unit is necessary in order to maximize the recovery of oil and gas reserves from the Wolfcamp formation underlying the N/2 of Section 23 and the N/2 of Section 24.

The affected offset acreage comprises the NE/4SE/4 & E/2NE/4 of Section 22, SE/4SE/4 of Section 15, S/2S/2 of Section 13, S/2S/2 of Section 14, the N/2S/2 of Section 24 and the N/2S/2 of Section 23 all in T21S-R27E, Eddy County, New Mexico and the SW/4SW/4 of Section 18, and the W/2NW/4 of Section 19 in T21S-R28E, Eddy County, New Mexico. There is currently Wolfcamp production within the offset acreage. Consequently, notice of this application is being provided to all parties listed on the attached list of affected parties.

Attached is a Form C-102 showing the surface, first take point, and bottomhole locations for the Chile Verde 23/24 W0DA Fed Com #1H and Chile Verde 23/24 W0EH Fed Com #1H. Also, attached is a map showing the affected offset acreage, a horizontal well plan, notice list and offset notice letter.

Mewbourne is seeking approval of this NSP to eliminate the need for separate production facilities and additional administrative approvals. Therefore, reducing waste while protecting correlative rights within the referenced horizontal spacing unit.

Notice by certified mail, return receipt requested, has been given to the affected parties listed in the notification list attached.

Thank you for your consideration of this application. Should you have any questions regarding the above, please email me at janderson@mewbourne.com or call me at (432) 682-3715.

Sincerely,

MEWBOURNE OIL COMPANY

A handwritten signature in blue ink, appearing to read "Josh Anderson", with a long horizontal flourish extending to the right.

To Whom It May Concern:

Enclosed is a copy of Mewbourne Oil Company's (MOC) Application for Non Standard Proration Unit for the Chile Verde 23/24 W0DA Fed Com #1H and Chile Verde 23/24 W0EH Fed Com #1H wells in Sections 23 & 24, T-21-S, R-27-E, Eddy County, New Mexico. You are being sent a copy of this Application per OCD's requirements to notify the interest owners in the affected offset acreage. If you have any objection to this Application, notification should be given within 20 days of the date of this letter. The Application has been filed with the OCD as of this date.

MOC is seeking approval of the non-standard proration unit to eliminate the need for separate production facilities and additional administrative approvals. Therefore, reducing waste while protecting correlative rights with the referenced horizontal spacing unit.

If you have any questions regarding this application, please contact me via telephone at 432-682-3715 or via email at janderson@mewbourne.com.

Sincerely,

MEWBOURNE OIL COMPANY

David,

Attached are the Application for Non-Standard Proration Unit that were mailed to MRC Permian Company at the end of July, for the above captioned prospect.

The Certified mailing system doesn't show that the mailings were signed for. Can you confirm receipt of said mailings or execute the Waiver Letter attached?

Let me know please.

Thanks,
