Jenny,

I forwarded you email chains I have regarding 2 of the applications.

It looks like PLC-747-A is on my to do list when I get a chance to allocate the necessary time for it. It may be one which we spoke about in person about a while ago, but looks like there will be a number of things to work out.

I have a few notes on PLC-856, but my review had not been concluded yet.

The others are still in the queue to be reviewed. Do you have expected dates of utilization for any of them approaching?

Hi Dean,

I wanted to check in with you and see where we are on a few commingle applications below. I see that there are some that are from 2021 and earlier this year. Do you if you are waiting on anything from Devon that can help with the approval process? I appreciate your time and help.
