**Re: Application of Cimarex Energy Co. for administrative approval of unorthodox well location for its Scoter 6-31 Federal Com 46H Well located in the E/2 of Section 6, Township 25 South, Range 27 East, and the E/2 of Section 31, Township 24 South, Range 27 East, NMPM, Eddy County, New Mexico.**

Dear Director Sandoval/OCD Engineering Bureau:

Pursuant to Division rules 19.15.16.15(C)(6) and 19.15.15.13 NMAC, Cimarex Energy Co. (OGRID 215099) seeks administrative approval of an unorthodox well location (“NSL”) for its Scoter 6-31 Federal Com 46H well (API No. pending) (the “Well”). The Well will be located in a 640-acre, more or less, standard spacing unit underlying the E/2 of Section 6, Township 25 South, Range 27 East, and the E/2 of Section 31, Township 24 South, Range 27 East, NMPM, Eddy County, New Mexico, and will be in the Purple Sage Wolfcamp Gas Pool (Pool ID: 98220). A C-102 for the Well is attached as Exhibit A.

The Purple Sage Wolfcamp Gas Pool has special pool rules which establish 320-acre building blocks and 330’ foot setback requirements. The Well will have setbacks of 100’ for the toe and heel, which requires an NSL approval. As shown on Exhibit A, this is a horizontal well that will be drilled as follows:

- Surface Hole Location: 305’ FSL & 241’ FEL of Section 6-T25S-R27E;
- First Take Point: 100’ FSL & 2,012’ FEL of Section 6-T25S-R27E;
- Last Take Point/Bottom Hole Location: 100’ FNL & 2,012’ FEL of Section 31-T24S-R27E.

PO Box 2168  
Albuquerque,  
New Mexico 87103-2168

Tel: 505.848.1800  
www.modrall.com

Cimarex has included as Exhibit B a letter explaining why this application is needed. Cimarex also provides a map of the area, attached as Exhibit C, which shows the tracts upon which the unorthodox location will encroach.

As discussed above, the first and last take points for the Well are closer than 330' from the boundary of the spacing unit. Specifically, the first take point would be 100' from the South line of Section 6, Township 25 South, Range 27 East, and the last take point would be 100' from the North line of Section 31, Township 24 South, Range 27 East. See Exhibit A (C-102). The unorthodox location will encroach towards the NE/4 of Section 7 of Township 25 South, Range 27 East and the SE/4 of Section 30, Township 24 South, Range 27 East. Cimarex has confirmed that the tracts adjoining the spacing unit by a corner are more the 330' away from the unorthodox locations requested.

Pursuant to Rule 19.15.4.12(A)(2) and Rule 19.15.2.7(A)(3), Cimarex is providing notice as follows:

- To Chevron USA Inc., 1400 Smith St., Houston, TX 77002, and 6301 Deauville Blvd., Midland, TX 79706, as the operator of the SE/4 of Section 30-T24S-R27E.
- To the working interest owners in the NE/4 of Section 7 because Cimarex is the operator in the E/2 of Sections 7 and 18-T25S-R27E pursuant to a JOA:
  - Chevron USA Inc., 1400 Smith St., Houston, TX 77002
  - Chevron USA Inc., 6301 Deauville Blvd., Midland, TX 79706

Cimarex is also providing notice to the Bureau of Land Management. Proof of mailing, along with a copy of the notice letter sent to affected parties, is attached hereto as Exhibit D.

Your attention to this matter is appreciated.

Sincerely,

Earl E. DeBrine

Santa Fe, New Mexico 87505

Re: Application of Cimarex Energy Co. for administrative approval of non-standard locations for Scoter 6-31 Federal Com 46H; Scoter 6-31 Federal Com 47H; Scoter 6-31 Federal Com 48H wells, located in the E/2 of Section 6, Township 25 South, Range 27 East, and Section 31, Township 24 South, Range 27 East, NMPM, Eddy County, New Mexico

Dear Director Sandoval/OCD Engineering Bureau

Cimarex Energy Co., OGRID Number 215099, respectfully requests administrative approval of non-standards location ("NSL") for the following wells (the "Wells"):

- Scoter 6-31 Federal Com 46H (API No. Pending);
- Scoter 6-31 Federal Com 47H (API No. Pending); and
- Scoter 6-31 Federal Com 48H (API No. Pending);

Cimarex is submitting three separate non-standard location applications, one for each well. The Wells will be completed within a standard 640 acre, more or less, spacing unit in the Purple Sage Wolfcamp Gas Pool (Pool ID: 98220). Cimarex is requesting non-standard location approval for the Wells to allow the setbacks to be less than 330' from the northern and southern boundaries of the horizontal spacing unit. Allowing Cimarex to complete the Wells at this non-standard location will result in the greatest recovery of reserves from all of the Wells and will reduce waste.

Thank you for your consideration. Should you have any questions please contact me at [brett.stewart@coterra.com](mailto:brett.stewart@coterra.com) or (432)571-7889.

Sincerely,

Brett Stewart

Re: Application of Cimarex Energy Co. for administrative approval of non-standard locations for Scoter 6-31 Federal Com 46H; Scoter 6-31 Federal Com 47H; Scoter 6-31 Federal Com 48H wells, located in the E/2 of Section 6, Township 25 South, Range 27 East, and Section 31, Township 24 South, Range 27 East, NMPM, Eddy County, New Mexico

Dear Director Sandoval/OCD Engineering Bureau

Cimarex Energy Co., OGRID Number 215099, respectfully requests administrative approval of non-standards location ("NSL") for the following wells (the "Wells"):

- Scoter 6-31 Federal Com 46H (API No. Pending);
- Scoter 6-31 Federal Com 47H (API No. Pending); and
- Scoter 6-31 Federal Com 48H (API No. Pending);

Cimarex is submitting three separate non-standard location applications, one for each well. The Wells will be completed within a standard 640 acre, more or less, spacing unit in the Purple Sage Wolfcamp Gas Pool (Pool ID: 98220). Cimarex is requesting non-standard location approval for the Wells to allow the setbacks to be less than 330' from the northern and southern boundaries of the horizontal spacing unit. Allowing Cimarex to complete the Wells at this non-standard location will result in the greatest recovery of reserves from all of the Wells and will reduce waste.

Thank you for your consideration. Should you have any questions please contact me at [brett.stewart@coterra.com](mailto:brett.stewart@coterra.com) or (432)571-7889.

Sincerely,

A handwritten signature in black ink that reads "Brett Stewart".

Brett Stewart  
Reservoir Engineer
