13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

OXY USA INC requests approval to add Iridium MDP1 28 21 Federal Com #047H to PLC 749F for gas production at facilities in the Sand Dunes/Pure Gold area. This well is in a currently approved pool of WC-015 G-08 S233235D; WOLFCAMP (98236) and approved CA of NMNM 139610. C-102 form is attached.

The facilities described in PLC 749F are unchanged – each facility has a sales-quality orifice meter (BLM gas FMP or equivalent meter) that continuously measures gas volume before it leaves the facility. Production upstream of the facility gas FMP or equivalent meter is allocated to each well based on well test.

This request is for gas production only. Oil production will be handled through an amendment to PLC 609B.

This request replaces the application to add Iridium MDP1 28 21 Federal Com #047Y (30-015-54538), which has been plugged.
