**Re: Request for Renewal of 120 Day Temporary Permission to Discharge for El Paso
Natural Gas Company L.L.C-OGRID 7046**

Dear Mr. Jones,

El Paso Natural Gas Company, L.L.C (EPNG) is submitting the following application to renew our existing 120-day Temporary Permission (**Permit No.: HBP-44**) to discharge small quantities of hydrostatic test wastewater generated from the testing of new transmission natural gas pipelines, or segments thereof, and/or new Aboveground Storage Tanks throughout the State of New Mexico. EPNG's existing Permit No. HBP-44 will expire on **October 19, 2024**. Although the renewal request was submitted through the online system, attached with this hard copy of the renewal request is a check in the amount of \$150.00 to cover the \$100 filing and \$50.00 temporary permission fee pursuant to 20.6.2.3114 NMAC.

In order to maintain coverage under the 120-Day Temporary Permit, EPNG will comply with the following conditions:

- 1) The volume of the discharge will be less than 25,000 gallons per hydrostatic test;
- 2) Water from a public/municipal water supply or other OCD-approved sources, by written request and analytical results, is used for each hydrostatic test;
- 3) Email or written notification shall be provided to the OCD 72-hours prior to each hydrostatic discharge event; The notice shall contain the following information:
 - a) The proposed location of hydrostatic test discharge (Section/Township/Range or GPS coordinates);
 - b) The date of the proposed discharge;
 - c) The volume of the proposed discharge; and
 - d) The source of hydrostatic test water.
- 4) The discharge will not enter any lake, perennial stream, river or their respective tributaries that may be seasonal;
- 5) No discharge shall occur:
 - a) Where ground water is less than 10 feet below ground surface;
 - b) Within 200 feet of a watercourse (defined in 19.15.2.7.W(4) NMAC), lakebed, sinkhole, or playa lake (defined in 19.15.2.7.P(4) NMAC);
 - c) Within an existing wellhead protection area (defined in 19.15.2.7.W(8) NMAC);
 - d) Within 500 feet of a wetland (defined in 19.15.2.7.W(9) NMAC); or
 - e) Within 500 feet from the nearest permanent residence, school, hospital, institution, or church.

6. No discharge shall occur to a surface water body without obtaining a National Pollution Discharge Elimination Systems (NPDES) permit from the US EPA, NMED, and OCD prior to the discharge;
7. Best management practices shall be implemented to contain the discharge onsite, to ensure that the discharge does not impact adjacent property, and to control erosion;
8. The discharge will not cause any fresh water supplies to be degraded or to exceed standards as set forth in Subsections A, B and C of the 20.6.2.3103 NMAC (the Water Quality Regulations);
9. EPNG shall report all unauthorized discharges, spills, leaks, and releases of hydrostatic test wastewater and conduct corrective action pursuant to the Water Quality Regulations of 210.6.2.1203 NMAC and release notification pursuant to OCD Rule 29 (19.15.29 NMAC);
10. The landowner(s) of each proposed discharge and/or collection/retention or alternative discharge location shall be properly notified of the activities prior to each proposed hydrostatic test discharge event; and
11. A report, summarizing each test of new pipeline with less than 25,000 gallons per hydrostatic test per discharge event performed within the approved 120-day period, shall be submitted to OCD within 45 days after the temporary permission expiration date and shall contain the following information:
 - a) The location of each hydrostatic test discharge (Section/Township/Range or GPS coordinates);
 - b) The date of each discharge
 - c) The volume of each discharge; and
 - d) The source and quality of test water (laboratory analysis, if necessary)

If you have any questions, please contact me at 719-520-4813.

Respectfully,

Amy M. Blythe

**Re: Request for Temporary Permission to Discharge Hydrostatic Test Water
El Paso Natural Gas Company, L.L.C. - OGRID 7046
Permit: HBP – 44**

Dear Ms. Blythe:

The New Mexico Oil Conservation Division (OCD) has completed its review of El Paso Natural Gas Company, L.L.C.'s (EPNG) renewal request, dated October 8, 2024, for approval of a 120-day temporary permission to discharge small quantities of hydrostatic test wastewater generated from the testing of new transmission pipelines of oil and gas or products thereof throughout the State of New Mexico, which expires on October 19, 2024. OCD acknowledges receipt of the filing fee (\$100.00) and temporary permission fee (\$50.00) within a separately mailed submittal received by OCD on October 16, 2024.

Based on the information provided in the request, *temporary permission is hereby granted to EPNG for the discharge of the hydrostatic test wastewater generated from all new pipeline hydrostatic tests* an operator may perform during the approved 120-day period with the following provisions and conditions:

1. The volume of the discharge is less than 25,000 gallons per hydrostatic test;
2. Water from a public/municipal water supply or other OCD approved sources, by written request and analytical results, is used for each hydrostatic test;
3. Email or written notification must be provided to the OCD 72 hours prior to each hydrostatic discharge event. The notice shall contain the following information:
 - a. the proposed location of hydrostatic test discharge (Section/Township/Range or GPS coordinates);
 - b. the date of the proposed discharge;

El Paso Natural Gas Company, L.L.C.

Permit: HBP – 44

October 17, 2024

Page 2 of 3

- c. the volume of the proposed discharge; and
 - d. the source of hydrostatic test water.
4. No discharge shall enter any lake, perennial stream, river, or their respective tributaries that may be seasonal;
5. No discharge shall occur:
 - a. where ground water is less than 10 feet below ground surface;
 - b. within 200 feet of a watercourse (19.15.2.7.W(4) NMAC), lakebed, sinkhole, or playa lake (19.15.2.7.P(4) NMAC);
 - c. within an existing wellhead protection area (19.15.2.7.W(8) NMAC);
 - d. within 500 feet of a wetland (19.15.2.7.W(9) NMAC); or
 - e. within 500 feet from the nearest permanent residence, school, hospital, institution, or church.
6. No discharge shall occur to a surface water body without obtaining a National Pollution Discharge Elimination Systems (NPDES) permit from the US EPA, NMED, and OCD prior to the discharge;
7. Best management practices must be implemented to contain the discharge onsite, to ensure that the discharge does not impact adjacent property, and to control erosion;
8. The discharge does not cause any fresh water supplies to be degraded or to exceed standards as set forth in Subsections A, B, and C of the 20.6.2.3103 NMAC (the Water Quality Regulations);
9. EPNG shall report all unauthorized discharges, spills, leaks, and releases of hydrostatic test wastewater and conduct corrective action pursuant to the Water Quality Regulations of 20.6.2.1203 NMAC and release notification pursuant to OCD Rule 29 (19.15.29 NMAC);
10. The landowner(s) of each proposed discharge and/or collection/retention or alternative discharge location must be properly notified of the activities prior to each proposed hydrostatic test event; and
11. A report, summarizing each test of new pipeline with less than 25,000 gallons per hydrostatic test per discharge event performed within the approved 120-day period, shall be submitted to OCD within 45 days after the temporary permission expiration date and shall contain the following information:
 - a. the location of hydrostatic test discharge (Section/Township/Range or GPS coordinates);
 - b. the date of each discharge;
 - c. the volume of each discharge; and
 - d. the source and quality of test water (laboratory analysis, if necessary).

El Paso Natural Gas Company, L.L.C.

Permit: HBP – 44

October 17, 2024

Page 3 of 3

This 120-day temporary permission will expire on February 16, 2025. Renewal requests for a 120-day temporary permission to discharge shall be submitted forty-five (45) days prior to the expiration date. A 120-day temporary permission may be revoked or suspended for violation of any applicable provisions and/or conditions of this approval.

Please be advised that approval of this request does not relieve EPNG of liability should operations result in pollution of surface water, ground water or the environment. Nor does this approval relieve EPNG of its responsibility to comply with any other applicable governmental authority's rules and regulations.

Please do not hesitate to contact me at (505) 709-5149 or via email should you have any questions or concerns regarding this temporary permission.

Respectfully,
