Subject: C-108 Application (Action ID: 575278) - NE Lybrook COM SWD No. 001 (API: 30-039-31378)

Good Afternoon, Shaw-Marie,

While reviewing the C-108 application for the NE Lybrook COM SWD No. 001 (API 30-039-31378), Action ID: 575278, I noticed that the certified mail receipts included in the submittal are from a previous application, date-stamped on December 21, 2022. The published public notices appear to be complete and properly documented.

However, to proceed further with the administrative review, please provide updated, date stamped certified mail receipts along with copies of the notification letters sent to the surface owner, mineral owner, and all operators within the 0.5 mile radius. This will ensure that the current application meets the notification requirements.

Please let me know if you have any questions or need any clarification.

RE: Notice of Application for Authorization to Inject
NE Lybrook SWD #1 30-039-31378
Proposed Disposal Zone: SWD; Entrada
Injection Interval: 7460' – 7665'
Rio Arriba County, New Mexico

Greetings,

Enduring Resources, LLC is making an application for administrative approval to dispose of produced water by means of underground injection. The NE Lybrook SWD #1 was previously authorized for injection under UIC Class II Permit SWD-2521. Because injection did not commence within the 12-month approval period, a new C-108 application is required. This letter is a notice only. No action is needed unless you have questions or objections.

Pursuant to Section 19.15.26 NMAC notice requirement associated with this application, please find enclosed a copy of the completed C-108 application. If you have an objection or wish to request a hearing, then it must be filed with the New Mexico Oil Conservation Division, 1220 South St. Frances Drive, Santa Fe, NM 87505 within fifteen (15) days of receipt of this letter.

Regards,
