ADMINISTRATIVE NON-STANDARD SPACING UNIT

Jaclyn M. McLean
jmclean@hardymclean.com

Administrative Order NSP – 2390

Permian Resources Operating, LLC [OGRID 372165]
Lajitas 5 4 State Com Well No. 121H (30-015-57661)
Lajitas 5 4 State Com Well No. 122H (30-015-57660)
HSU: N/2 (equivalent) Section 04 & N/2 Section 05, T19S R28E, Eddy County

Reference is made to your application received on April 8th, 2026.

You have requested approval of a non-standard horizontal spacing unit to be included in your proposed horizontal spacing unit, as follows:

Proposed Horizontal Spacing Unit:

Description	Acres	Pool	Pool Code
N/2 (equivalent) Section 04	644.84	Winchester; Bone Spring, West	97257
N/2 (equivalent) Section 05			

You have requested an exception pursuant to Rule 19.15.16.15(A)(3) NMAC, to approve a non-standard horizontal spacing unit consisting of the entire area described above as the horizontal spacing unit. The proposed horizontal spacing unit does not consist of a quarter - quarter section or equivalent in both sections, as required by Rule 19.15.16.15(B)(1) NMAC.

NSP – 2390
Permian Resources Operating, LLC
Page 2 of 2

We understand that you are seeking this exception for an allowance to create a non-standard horizontal spacing unit, comprised of the Proposed Horizontal Spacing Unit referenced above within Eddy County, New Mexico.

The Division understands you have given notice of this application to all operators or owners who are "affected persons," as defined in Paragraph (8) Subsection A of 19.15.2.7 NMAC, in all adjoining units which are to be being included.

You have requested this non-standard horizontal spacing unit in order minimize surface disturbance, to reduce overall costs and improve economic development of the wells within the N/2 (equivalent) Section 04, and N/2 (equivalent) Section 05 within the referenced Horizontal Spacing Unit. Therefore, protecting correlative rights within the pool/formation and adjacent tracts.

Pursuant to the authority conferred by Division Rule 19.15.16.15(B)(5) NMAC, the above-described **non-standard horizontal spacing unit is hereby approved**. Further, the Applicant may add additional wells to the non-standard spacing unit, the well(s) must be in the same horizontal spacing unit and pool/formation. The new well's APD shall reference this NSP order number on Form C-102 with an adjacent letter stating this request.

General Provisions

The above approvals are subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 19.15.5.9 NMAC.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Albert C.S. Chang
Division Director

**Re: Permian Resources Operating, LLC
Request for Administrative Approval of Non-Standard Horizontal Spacing
Unit**

Lajitas 5-4 State Com 121H (API No. Pending); Lajitas 5-4 State Com 122H (API No. Pending)
Lots 4, 3, 2, 1 and the S/2 N/2 of Section 5, Township 19 South, Range 28 East, and Lots 4, 3, 2, and 1 and the S/2 N/2 of Section 4, Township 19 South, Range 28 East (N/2 equivalent) Eddy County, New Mexico
Winchester, Bone Spring, West Pool (Code 97257)

Dear Mr. Chang,

Permian Resources Operating, LLC ("Permian Resources") (OGRID No. 372165), pursuant to Division Rules 19.15.16.15(B)(5) and 19.15.15.11 NMAC, seeks administrative approval of Non-Standard Horizontal Spacing Unit for its Lajitas 5-4 State Com 121H and 122H wells, in a 644.84-acre, more or less, non-standard horizontal spacing unit, underlying Lots 4, 3, 2, 1 and the S/2 N/2 of Section 5, Township 19 South, Range 28 East, and Lots 4, 3, 2, and 1 and the S/2 N/2 of Section 4, Township 19 South, Range 28 East (N/2 equivalent) Eddy County, New Mexico.

Approval of the non-standard horizontal spacing unit is requested to allow Permian Resources to consolidate surface facilities and maximize well count. Permian Resources' request for approval of a non-standard spacing unit will allow it to consolidate surface facilities and will consequently prevent surface, environmental, and economic waste. The non-standard unit will allow Permian Resources to minimize surface use. Centralizing equipment facilities for the wells will reduce the total acreage needed for surface facilities by 20% of the total amount that would be necessary

Page 2

absent a non-standard unit. Surface facilities and equipment, pipelines, and rights of way for one well cost approximately \$695,000. While the centralized facilities will be larger, so they may handle production from multiple wells, the overall savings, if a non-standard unit is approved, will be approximately \$390,000. This will reduce the overall well costs and improve economics for the wells. A common facility also reduces the number of flares Permian Resources may need to use in the case of emergency from 2 to 1. Additionally, the VOC reduction is nearly 50%.

Further, the non-standard horizontal spacing unit will allow Permian Resources to obtain maximum lateral length, properly place stimulation energy, and optimize pressure drawdown, which will create cost efficiencies, prevent waste, and protect correlative rights.

Exhibit A are Form C-102s for the Lajitas 5-4 State Com 121H and Lajitas 5-4 State Com 122H wells showing the location of the wells in the 644.84-acre non-standard horizontal spacing unit.

Exhibit B is a plat that shows Sections 4 and 5 of Township 19 South, Range 28 East, in relation to the adjoining tracts. Exhibit B also identifies the notice area surrounding the non-standard horizontal spacing unit. A list of all affected persons who received notice, along with their corresponding location and type of interest ownership (i.e. whether an operator, working interest owner, or record title owner), is set out in Exhibit C.

Exhibit C is a list that identifies all affected persons who were sent a copy of this application and attachments by certified mail advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives the application, along with the date notice was sent, and a copy of the notice letter to affected persons. For the offset tracts for which Permian Resources is the offset operator, notice was provided to all working interest owners.

Thank you for your attention to this matter. Please let me know if you require additional information.

Very truly yours,

HARDY McLEAN LLC

/s/ Jaclyn M. McLean

VIA CERTIFIED MAIL
RETURN RECEIPT REQUESTED

TO: ALL AFFECTED PERSONS

**Re: Permian Resources Operating, LLC
Requests for Administrative Approval of Non-Standard Horizontal Spacing
Units**

Enclosed are copies of administrative applications requesting approval of non-standard spacing units for Permian Resources Operating, LLC's Lajitas Wells. Administrative applications for the non-standard spacing units were filed with the New Mexico Oil Conservation Division on this date. Any objection to these applications must be filed in writing within twenty (20) days from the date this application is received by the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. If no objection is received within this twenty-day period, this application may be approved administratively by the Division.

If you have any questions about these applications, please contact Adam Reker, Senior Staff Landman at Permian Resources Operating, LLC – adam.reker@permianres.com.

Sincerely,

HARDY MCLEAN LLC

/s/ Jaclyn M. McLean
