OIL CONSERVATION DIVISION**

**APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING
AND OVERLAPPING SPACING UNIT,
EDDY COUNTY, NEW MEXICO.**

Case No. 24981

**SELF-AFFIRMED STATEMENT
OF MITCH ROBB**

1. I am a Landman with Mewbourne Oil Company ("Mewbourne"). I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division ("Division") and my credentials as an expert in petroleum land matters were accepted and made a matter of record.

2. I am familiar with the land matters involved in the above-referenced case. Copies of Mewbourne's Application and proposed hearing notice are attached as **Exhibit A-1**.

3. None of the parties proposed to be pooled in this case indicated opposition to this matter proceeding by affidavit, therefore I do not expect any opposition at hearing.

4. Mewbourne applies for an order pooling all uncommitted interests within the Wolfcamp formation underlying a 960.25-acre, more or less, standard, overlapping horizontal spacing unit comprised of the E/2 of Sections 27 and 34, Township 23 South, Range 28 East, and the E/2 Section 3, Township 24 South, Range 28 East, Eddy County, New Mexico ("Unit").

5. The Unit will be dedicated to the Yardbirds 27/3 Fee 716H well ("Well"), which will be drilled from a surface hole location in the NW/4 NW/4 (Unit D) of Section 27, Township 23 South, to a bottom hole location in the SW/4 SE/4 (Unit O) of Section 3, Township 24 South. The Well will be completed in the Purple Sage, Wolfcamp (Gas) pool (Code 98220).

**Mewbourne Oil Company
Case No. 24981
Exhibit A**

6. The completed interval of the Well will be orthodox.
7. The Unit will partially overlap with the proposed spacing unit for the Yardbirds 27/3 Fee 715H (API No. pending), which will be located in Sections 27 and 34, Township 23 South, Range 28 East, and will produce from the Purple Sage, Wolfcamp (Gas) pool (Code 98220).
8. **Exhibit A-2** contains the C-102 for the Well.
9. **Exhibit A-3** contains a plat that identifies ownership by tract in the Unit. This exhibit also includes any applicable lease numbers, a unit recapitulation, and the interests Mewbourne seeks to pool highlighted in yellow. Exhibit A-3 also depicts the overlapping spacing units.
10. **Exhibit A-4** contains a sample well proposal letter and AFE sent to the working interest owners for the Well. The estimated costs reflected on the AFE are fair and reasonable and comparable to the cost of other wells of similar depth and length drilled in the subject formation in the area.
11. Mewbourne has conducted a diligent search of all county public records, including phone directories, internet searches, and computer databases to identify all potential addresses and contact information for each interest owner it seeks to pool.
12. In my opinion, Mewbourne made a good-faith effort to reach voluntary joinder of uncommitted interests in the Well as indicated by the chronology of contact described in **Exhibit A-5**.
13. Mewbourne requests overhead and administrative rates of \$10,000.00 per month while the Well is being drilled and \$1,000.00 per month while the Well is producing. These rates are fair and are comparable to the rates charged by Mewbourne and other operators in the vicinity.

14. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

15. In my opinion, the granting of Mewbourne's application would serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

16. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

CASE NO. 24981

APPLICATION

Pursuant to NMSA § 70-2-17, Mewbourne Oil Company (“Applicant”) (OGRID No. 14744) applies for an order pooling all uncommitted interests in the Wolfcamp formation underlying a 960.25-acre, more or less, standard, overlapping horizontal spacing unit comprised of the E/2 of Sections 27 and 34, Township 23 South, Range 28 East, and the E/2 of Section 3, Township 24 South, Range 28 East, Eddy County, New Mexico (“Unit”). In support of its application, Applicant states the following.

1. Applicant is a working interest owner in the Unit and has the right to drill wells thereon.
2. The Unit will be dedicated to the **Yardbirds 27/3 Fee 716H** well (“Well”), which will be drilled from a surface hole location in the NW/4 NW/4 (Unit D) of Section 27, Township 23 South, to a bottom hole location in the SW/4 SE/4 (Unit O) of Section 3, Township 24 South.
3. The completed interval of the Well will be orthodox.
4. The Unit will partially overlap with the proposed spacing unit for the Yardbirds 27/3 Fee 715H (API No. pending) well, which will be located in Sections 27 and 34, Township 23 South, Range 28 East, and Section 3, Township 24 South, Range 28 East, and will produce from the Purple Sage, Wolfcamp (Gas) pool (Code 98220).

**Mewbourne Oil Company
Case No. 24981
Exhibit A-1**

5. Applicant has undertaken diligent, good faith efforts to obtain voluntary agreements from all interest owners to participate in the drilling of the Well but has been unable to obtain voluntary agreements from all interest owners.

6. The pooling of uncommitted interests will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

7. In order to allow Applicant to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in the Unit should be pooled and Applicant should be designated the operator of the Well and the Unit.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on December 5, 2024, and, after notice and hearing as required by law, the Division enter an order:

- A. Approving the proposed overlapping spacing unit;
- B. Pooling all uncommitted interests in the Unit;
- C. Approving the Well in the Unit;
- D. Designating Applicant as operator of the Unit and the Well to be drilled thereon;
- E. Authorizing Applicant to recover its costs of drilling, equipping, and completing the Well;
- F. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- G. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the Well against any working interest owner who does not voluntarily participate in the drilling of the Well.

Respectfully submitted,

EDDY COUNTY, NEW MEXICO.**

**Case Nos. 24979
24980
24981**

**SELF-AFFIRMED STATEMENT
OF TYLER HILL**

1. I am employed by Mewbourne Oil Company (“Mewbourne”) as a geologist. I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division (“Division”), and my credentials as an expert in petroleum geology matters were accepted and made a matter of record.

2. I am familiar with the geological matters that pertain to the above-referenced case.

3. **Exhibit B-1** is a general location map that depicts the Yardbirds spacing unit.

4. **Exhibit B-2** is a subsea structure map for the Wolfcamp formation that is representative of the targeted intervals. The contour intervals are 50 feet. The approximate wellbore paths for the Yardbirds 27/3 Fee 715H, Yardbirds 27/3 Fee 716H, Yardbirds 27/3 Fee 711H, and Yardbirds 27/3 Fee 713H wells (“Wells”) are depicted by black arrows. Existing producing wells in the targeted interval are represented by solid pink lines. The map demonstrates the formation is gently dipping to the east in this area. I do not observe any faulting, pinch-outs, or geologic impediments to developing the targeted intervals with horizontal wells.

**Mewbourne Oil Company
Case No. 24981
Exhibit B**

5. Exhibit B-2 also identifies three wells penetrating the targeted intervals that I used to prepare a structural cross-section from A to A'. I used these well logs because they penetrate the targeted intervals, are of good quality, and are representative of the geology in the area.

6. **Exhibit B-3** is a stratigraphic cross-section that I prepared using the logs from the representative wells shown on Exhibit B-2. Each well log on the cross-section contains gamma ray, resistivity and porosity. The proposed landing zones for the wells are labeled with a red arrow. This cross-section demonstrates that the target interval is continuous across the Unit.

7. In my opinion, a standup orientation for the proposed Wells is appropriate to properly develop the subject acreage because of an established directional pattern and the known fracture orientation in this portion of the trend.

8. Based on my geologic study of the area, the targeted interval underlying the Units is suitable for development by horizontal wells and the tracts comprising the Units will contribute more or less equally to the production of the Wells.

9. In my opinion, the granting of Mewbourne's application will serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

10. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

11. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date identified next to my signature below.

Re: Case No. 24981– Application of Mewbourne Oil Company for Compulsory Pooling and Overlapping Spacing Unit, Eddy County, New Mexico.

To whom it may concern:

This letter is to advise you that the enclosed application was filed with the New Mexico Oil Conservation Division. The hearing will be conducted on **December 5, 2024**, beginning at 9:00 a.m.

The hearing will be conducted in a hybrid fashion, both virtually and in-person at the Energy, Minerals, Natural Resources Department, Wendell Chino Building, Pecos Hall, 1220 South St. Francis Drive, 1st Floor, Santa Fe, NM 87505. To participate virtually, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Pursuant to Division Rule 19.15.4.13.B, a party who intends to present evidence at the hearing shall file a pre-hearing statement and serve copies on other parties, or the attorneys of parties who are represented by counsel, at least four business days in advance of a scheduled hearing, but in no event later than 5:00 p.m. Mountain Time, on the Thursday preceding the scheduled hearing date. The statement must be submitted through the OCD E-Permitting system (<https://wwwapps.emnrd.nm.gov/ocd/ocdpermitting/>) or via e-mail to ocd.hearings@emnrd.nm.gov and should include: the names of the parties and their attorneys, a concise statement of the case, the names of all witnesses the party will call to testify at the hearing, the approximate time the party will need to present its case, and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this application, please contact Mitch Robb at Mewbourne Oil Company, via e-mail at mrobb@mewbourne.com if you have any questions regarding this matter.

Sincerely,

/s/ Dana S. Hardy
