**CASE NO. \_\_\_\_\_  
ORDER NO. R-22751-A**

**APPLICATION**

Read & Stevens, Inc., (“Read & Stevens” or “Applicant”), through its undersigned attorneys, hereby files this application with the Oil Conservation Division to amend Order No. R-22751-A (“Order”) to allow for an extension of time for drilling the proposed initial wells under the Order. In support of its application, Read & Stevens states:

1. On June 15, 2023, the Division entered Order R-22751 in Case 23527 pooling the uncommitted interest in the Bone Spring formation (Teas; Bone Spring [58960]) underlying a standard 320.65-acre, more or less, horizontal well spacing unit comprised of Lot 1, SE/4 NE/4 and the E/2 SE/4 of Section 3, and the E/2 E/2 of Section 10, Township 20 South, Range 34 East, NMPM, Lea County, New Mexico (the “Unit”). Permian Resources Operating, LLC (“Permian”) is the designated operator of the Unit and Order R-22751 dedicates the Unit to the proposed initial **Riddler 3-10 Fed Com #114H** (API No. 30-025-PENDING), **Riddler 3-10 Fed Com #127H** (API No. 30-025-PENDING) and **Riddler 10 Fed Com #128H** (API No. 30-025-PENDING).

2. In May of 2024, Read & Stevens filed an application in Case 24521 to extend the drilling deadline, noting that there was good cause to do so. Following a public hearing on the request, the Division issued order R-22751-A extending until June 16, 2025, the period to drill the proposed wells.

3. Good cause now exists to extend the deadline to commence drilling the initial wells under the Pooling Order.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on January 9, 2025, and, after notice and hearing as required by law, the Division enter an order extending until June 16, 2026, the deadline to commence drilling the initial wells authorized under Order R-22751.

Respectfully submitted,

HOLLAND & HART LLP
