RE: Doanbuy Lease & Co.-Wells 1-7
Atlantic State #2 - Lea County

Dear George:

On June 8 of this year we argued the Melcher appeal before the Supreme Court as it relates to the above wells. We had hoped, as you know, at that time that the Supreme Court would have the matter decided within a matter of weeks. The only error in judgment, however, seems to be the matter of how many weeks.

To date we have not received that judgment and would appreciate it if the hearing on the plugging in on these wells could be continued until the completion of the matter in the Supreme Court. At that time we will know where we are headed otherwise.

Yours truly,

LOSEE & CARSON

Re: OCC Case 4539
Doanbuy v. Melcher

Gentlemen:

This letter confirms our telephone conversation of this date wherein we advised that we represent Doris Day Melcher and the Melcher Estate who own an average 73.29% interest in the seven wells included in the captioned cause.

As we also advised you, title and other interest in the wells is in litigation now pending before the Supreme Court of New Mexico, and set for oral argument on June 8; this case is styled "Doanbuy v. Melcher, et al", which is Cause No. 9215 on the Supreme Court docket.

It would be appreciated if you would continue Case No. 4539 pending the determination by the Supreme Court of New Mexico in Doanbuy v. Melcher. As we understand it, you will temporarily continue the case until the July docket, and recontact us at that time.

We certainly appreciate your assistance and courtesies in the foregoing regard.

Respectfully,

JENNINGS, CHRISTY & COPPLE

Re: N.M.O.C.C. Case 4539

Gentlemen:

The captioned case has been set for hearing before the Commissioner at Roswell on October 13, 1971; the case involves plugging certain wells in Section 27, Township 14 South, Range 33 East, N.M.P.M., Saunders Pool, Lea County, New Mexico, and as we previously advised you we represent parties owning approximately 73% W.I. in the wells.

Also as we previously advised you, a Motion has been pending in Lea County to sell the wells and require the purchaser to properly plug them in accordance with N.M.O.C.C. rules.
