Re: Bond #42 75 246 - Roy E. Timmons et al -
State of New Mexico - File #2888
Claim #326 638

Dear Mr. Timmons:

Under date of September 1st we wrote you concerning the request as made on you by the Oil Conservation Commission of the State of New Mexico and at that time requested that within twenty days of the date of that letter that you take the necessary action to comply with the requirements of the Commission. We are now in receipt of a letter from our attorneys stating that to date you have not replied to their request. The attorneys also forwarded a copy of a letter which the commission had addressed to you under date of October 3rd wherein the Commission requests certain action on your part. We are by copies of this letter notifying your indemnitors that action must be taken by them within twenty days of the date of this letter to comply with the requirements of the State of New Mexico. We do not desire that this matter again get to the stage wherein the Commission has sheering and enters an order forcing this company to take action.

Since you do not desire to comply with the requirements of the State of New Mexico and if within twenty days of the date of this letter the indemnitors do not comply with the request or furnish this office with collateral in the amount of \$2500, we

FIDELITY AND DEPOSIT COMPANY
OF MARYLAND
TO Roy F. Timmons

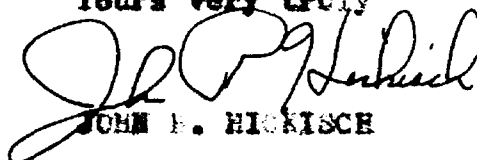

DATE October 10, 1955

SHEET NO. Two

will have no alternative but to allow the State of New Mexico to take whatever action it desires and will in turn demand full repayment from you and the indemnitors.

Again it must be recognized that all expenses which we are incurring including the attorneys fees will in turn be due from you. Your action is increasing the attorney's fees considerably.

Yours very truly

JOHN E. NICKISCH

Re: Bond #42 75 246 - Roy E. Timmons et al -
State of New Mexico - File #2888
Claim #326 638

Dear Mr. Timmons:

After receipt of our letter of October 10th, you called this office and stated that you would proceed to comply with the requirements of the State of New Mexico on the well which had been plugged. To date we have not received any further word from you nor have we been notified by the state that you have complied with their requests. We are again demanding that action be taken by you to satisfy the requirements of the State of New Mexico.

You, of course, no doubt recognize that we can bring a suit for exoneration so as to secure cancellation of the bond and at the same time secure a judgment and attach any property which you may own in the State of New Mexico. Any expenses incurred will, of course, be due from you and your indemnitors. It would, therefore, be to your interest to proceed before we are forced to take legal action.

Yours very truly

Re: Roy E. Timmons
Tixer No. 1 and John Doe No. 1
SW/4 NE/4 Sec. 2, T-20N, R-30E
Harding County, New Mexico

Gentlemen:

Reference is made to our letter of August 3, 1955, wherein we requested that Form C-103, Report of Plugging, be submitted to describe the plugging work which you did on the above-captioned wells last July.

As we stated in our letter, the locations around the wells must be leveled and cleared of junk or land-owner's waiver to the effect that he does not desire said work performed must be filed with the Form C-103.

To date we have heard from neither of you regarding this matter.

It is of utmost imperativeness that this matter be taken care of immediately. We are therefore requesting that the Forms C-103 describing the plugging jobs to be submitted at once, with the reminder that one of the two following courses to be followed insofar as surface work is concerned:

1. Clear the locations of junk and restore surface to original condition.

-2-

Mr. Roy Timmons
Mr. W. Peery Smith

- C
2. Secure land-owner's waiver that this surface work is not necessary nor desired.

O

We would appreciate hearing from you regarding this work at your earliest convenience.

Very truly yours,

D. S. Nutter
Petroleum Engineer

Re: Roy E. Timmons Drilling Bond

Dear Sir:

Reference is made to your letter of August 17 pertaining to the bond executed by the Fidelity & Deposit Company on the Roy E. Timmons No. 1 Tixer.

This is to advise that this office has written Mr. Timmons to inform him that the bond cannot be released until the mud pit at the well location is filled and the location leveled, or a waiver is obtained from the surface owner. To date we have had no correspondence from Mr. Timmons concerning this matter, although the well has been properly plugged in accordance with our rules.

When Mr. Timmons contacts us concerning this matter, I will advise you immediately.

Very truly yours,

W. B. Macey

Re: Roy E. Timmons - State of New Mexico,
Drilling Bond, Claim No. 326 638,
File No. 2888

Gentlemen:

At your earliest opportunity I would appreciate your advising us whether or not Mr. Timmons has been successful in obtaining a waiver from the surface owners as to the clearing of the well location and the leveling of the mud pits. It is my recollection, when we last discussed the matter, you stated the well had been plugged but you could not release the bondsman until this work was either accomplished or waivers obtained. As you know, I am interested in the matter from the bondsman's position.

Thanking you for any courtesies you may afford us in this matter, I remain

BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE NO. 814
Order No. R-630

THE MATTER OF THE APPLICATION
OF THE COMMISSION UPON ITS OWN
MOTION FOR AN ORDER DIRECTED TO
ROY E. TIMMONS, DOING BUSINESS AS
THE TIMMONS CARBONIC COMPANY,
AND TO FIDELITY AND DEPOSIT COMPANY
OF MARYLAND TO APPEAR AND SHOW
CAUSE WHY THE TIXIER NO. 1 WELL (HOLE)
IN THE SW/4 NE/4 OF SECTION 2, TOWNSHIP
20 NORTH, RANGE 30 EAST, NMPM, HARDING
COUNTY, NEW MEXICO SHOULD NOT BE
ORDERED PLUGGED.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m. on March 16, 1955, at Santa Fe, New Mexico, having been successively continued from the original hearing date of January 13, 1955, before the Oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission".

NOW, on this 12th day of May, 1955, the Commission, a quorum being present, having considered the testimony adduced and the exhibits received at said hearing, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the Tixier No. 1 well (hole) located in the SW/4 NE/4 of Section 2, Township 20 North, Range 30 East, NMPM, Harding County, New Mexico, was last operated by Roy E. Timmons, doing business as the Timmons Carbonic Company of Denver, Colorado.

(3) That Roy E. Timmons is responsible for the operation and maintenance of this well (hole) and the facilities necessary to the drilling and operation thereof.

(4) That the Tixier No. 1 well (hole) was spudded during the month of August, 1938.

(5) That the Fidelity and Deposit Company of Maryland did, on May 5, 1938, act as surety on a \$2,500.00 one-well plugging bond covering operations on the Tixier No. 1 well (hole) and that said bond is in full force and effect as of this date.

(6) That two abandoned wells (holes) are located in the SW/4 NE/4 of Section 2, Township 20 North, Range 30 East, NMPM, Harding County, New Mexico.

(7) That the two abandoned wells (holes) are situated at a distance of approximately 150 feet on a north-south trending line.

(8) That the northernmost of these two abandoned wells (holes) is the Tixier No. 1 well (hole).

(9) That the southernmost of these two abandoned wells (holes) shall be called the John Doe No. 1 well (hole) for the purposes of this order.

(10) That no bond has been filed with the Commission to cover operations on the John Doe No. 1 well (hole).

(11) That it is reasonable to assume, and is assumed and found by the Commission, that operations on the John Doe No. 1 well (hole) were conducted in behalf of Roy E. Timmons, doing business as the Timmons Carbonic Company.

(12) That both abandoned wells (holes) are standing open to the atmosphere and that neither location has been properly levelled and cleared of junk.

(13) That both abandoned wells (holes) constitute a threat to the well-being of individuals and properties in the vicinity.

(14) That the present condition of the two abandoned wells (holes) is prima facie evidence of gross negligence and an infraction of Commission rules and regulations by Roy E. Timmons, operator.

(15) That this condition can be rectified only by the proper plugging of these wells (holes).

IT IS THEREFORE ORDERED:

(1) That Roy E. Timmons and Fidelity and Deposit Company of Maryland cause the Tixier No. 1 well (hole), defined as the northernmost of two wells (holes) in the SW/4 NE/4 of Section 2, Township 20 North, Range 30 East, NMPM, Harding County, New Mexico, to be plugged within 60 days following the effective date of this order.

(2) That such plugging be accomplished by setting ten (10) sacks neat cement at total depth, and spotting an additional ten (10) sacks neat cement at a depth of 700 feet, provided the well (hole) was drilled to that depth or greater. Further, a plug consisting of ten (10) sacks neat cement shall be set at the surface and a regulation marker placed therein. Intervals between plugs will be filled with heavy mud. The location shall be levelled and cleared of junk.

(3) Upon completion of plugging operations, the Commission shall be notified of such completion, and an authorized representative of the

Commission shall inspect the plugged hole and the location. Pertinent information concerning the plugging operation shall be filed with the Commission on Form C-103.

(4) That Roy E. Timmons cause the John Dee No. 1 well (hole), defined as the southernmost of two wells (holes) in the SW/4 NE/4 of Section 2, Township 20 North, Range 30 East, NMPM, Harding County, New Mexico, to be plugged within 60 days following the effective date of this order, or to appear before the Commission within that time to show cause why this provision should not be amended. No extension of time in which to appear shall be granted.

(5) That such plugging shall be accomplished by setting ten (10) sacks neat cement at total depth, and spotting an additional ten (10) sacks neat cement at a depth of 700 feet, provided the well (hole) was drilled to that depth or greater. Further, a plug consisting of ten (10) sacks neat cement shall be set at the surface and a regulation marker placed therein. Intervals between plugs shall be filled with heavy mud. The location shall be levelled and cleared of junk.

(6) Upon completion of plugging operations, the Commission shall be notified of such completion and an authorized representative of the Commission shall inspect the plugged hole and the location. Pertinent information concerning the plugging operation shall be filed with the Commission on Commission Form C-103.

PROVIDED FURTHER, That failure to comply with this order within the 60 days allotted for compliance shall render said Fidelity and Deposit Company of Maryland and/or Roy E. Timmons liable to prosecution under Section 24, (b) of the Conservation Act (Chapter 168 of the Laws of 1949).

DONE at Santa Fe, New Mexico on the day and year hereinabove designated.

NOTICE OF PUBLICATION
STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION
SANTA FE - NEW MEXICO

The State of New Mexico by its Oil Conservation Commission hereby gives notice pursuant to law and the Rules and Regulations of said Commission promulgated thereunder of the following public hearings to be held at 9 o'clock a.m. on January 13, 1955, at Mabry Hall, State Capitol, Santa Fe, New Mexico.

STATE OF NEW MEXICO TO:

All named parties and persons
having any right, title, interest
or claim in the following cases,
and notice to the public.

CASE 812:

In the matter of the application of the Oil Conservation Commission upon its own motion for an order calling for the plugging of a well in the event the operator fails to show cause why such order should not be entered.

Applicant, in the above-styled cause, seeks an order directed to Roy Timmons declaring the Kerlin No. 1 Well, located in SE/4 NW/4 Section 34, Township 21 North, Range 30 East, NMPM, Harding County, New Mexico, abandoned, and ordering it plugged, and directing said Roy Timmons to appear before the Oil Conservation Commission at 9 o'clock a.m. on January 13, 1955, at Santa Fe, New Mexico, and show cause why such order should not issue.

CASE 813:

In the matter of the application of the Oil Conservation Commission upon its own motion for an order calling for the plugging of a well in the event an operator and surety company fail to show cause why such order should not be entered.

Applicant, in the above-styled cause, seeks an order directed to Roy Timmons and to American Employers' Insurance Company declaring the Timmons No. 1 Well, located in SW/4 NE/4 Section 33, Township 21 North, Range 30 East, NMPM, Harding County, New Mexico, abandoned, and ordering it plugged, and directing said Roy Timmons and American Employers' Insurance Company to appear before the Oil Conservation Commission at 9 o'clock a.m. on January 13, 1955, at Santa Fe, New Mexico, and show cause why such order should not issue.

CASE 814:

In the matter of the application of the Oil Conservation Commission of New Mexico upon its own motion for an order calling for the plugging of a well in the event an operator and surety company fail to show cause why such order should not be entered.

Applicant, in the above-styled cause, seeks an order directed to Roy Timmons and to Fidelity and Deposit Company of Maryland declaring the Tixier No. 1 Well, located in SW/4 NE/4 Section 2, Township 20 North, Range 30 East, NMPM, Harding County, New Mexico, abandoned, and ordering it plugged, and directing said Roy Timmons and Fidelity and Deposit Company of Maryland to appear before the Oil Conservation Commission at 9 o'clock a.m. on January 13, 1955, at Santa Fe, New Mexico, and show cause why such order should not issue.

GIVEN under the seal of the Oil Conservation Commission at Santa Fe, New Mexico, on this 23rd day of December, 1954.

Attention: Mr. John R. Hickisch, Attorney

Gentlemen:

We enclose a copy of our letter of this date to Mr. Roy Timmons, operator of 80 wells in Harding County, New Mexico, who is principal on a \$2,500.00 one-well plugging bond which you have been carrying for several years.

The letter, I believe, will be self-explanatory. Your bond covers the Tixier No. 1 Well, SW/4 NE/4 Section 2, Township 20 North, Range 30 East, NMPH. For further information you might refer to your letters of June 17 and July 20, 1954, and to correspondence from this office in relation thereto.

We will send you a copy of the formal legal notices by which the case will be advertised for the December 16 hearing.

Very truly yours,

OIL CONSERVATION COMMISSION

W. B. Macey
Secretary-Director

OIL CONSERVATION COMMISSION

P. O. BOX 871

SANTA FE, NEW MEXICO

December 8, 1954

Mr. Roy Timmons
1845 Wynkoop Street
DENVER COLORADO

Dear Mr. Timmons:

We refer to our previous correspondence indicating the Oil Conservation Commission's intention to hold a "show cause" hearing relating to the plugging of the Kerlin No. 1, Tixier No. 1 and Timmons No. 1 Wells, all of which have been a part of your carbon dioxide operations in Harding County, New Mexico.

By our letter of November 8 we notified you, as well as the surety companies who wrote the bonds on the latter two wells, that the hearing would be held on December 16, 1954, at Santa Fe, N. M. However, we found that the agenda for that meeting was already overcrowded, and we now feel that it will be best to bring the matters up at the regular hearing of January 13, 1955, instead.

You will be further notified by copy of the legal advertisement issued for the January 13 hearing.

Very truly yours,

W. B. Macey
Secretary - Director
