Hi Greg,

The spreadsheet looks like it contains all the information I should need to transfer the facilities except for Jonah Energy's OGRID number and the statement that Jonah accepts all responsibility for any releases that are associated with the facility even if those releases occurred prior to Jonah's ownership. I did see a few open incident numbers for spills on a few of the facilities that I checked. Those open incidents will be transferred to Jonah if they are not closed out prior to the transfer.

I do not need that information now, but please include Jonah's OGRID and the statement that

Jonah accepts all responsibility for any releases with the attached spreadsheet when the transfer is ready to take place.

Thank you,

Hi Brittany,

Thanks for taking the time to visit with me this morning.

I’m attaching a spreadsheet that should contain all the necessary information for the facility change of operator. If possible, could you do a quick review to ensure everything is included before we submit the request to change from Tap Rock to Jonah Energy?

I appreciate your help—thank you in advance!

Best,
Greg
