RILEY PERMIAN OPERATING COMPANY, LLC

Pre Enforcement Notification

29 E Reno Avenue
Suite 500
Oklahoma City, OK 73104

Dear Operator:

The following inspection indicates that the well, equipment, location or operational status of the well failed to meet standards of the New Mexico Oil Conservation Division as described in the detail section below. To comply with standards imposed by Rules and Regulations of the Division, corrective action must be taken immediately and the situation brought into compliance. The detail section indicates preliminary findings and/or probable nature of the violation. This determination is based on an inspection of your well or facility by an inspector employed by the Oil Conservation Division on the date indicated.

Please notify the Compliance Officer copied on this letter, in writing, of the date corrective actions are scheduled to be made so that arrangements can be made to reinspect the well and/or facility.

INSPECTION DETAIL SECTION

[fAPP2205627067] LOGAN 35 FEDERAL CTB

OGRID: 372290

Inspection Date	Type Inspection	Inspector	Inspection No.
5/14/2026	Routine Inspection	[SM] Sharon Minnix	iSM2613430591
Violation	Title	Corrective Action Due	
cSM2613445465 19.15.29 Releases Unauthorized Release		8/12/2026	
<i>(Multiple releases occurred at facility location and pasture to the south of the facility where polylines are located. Soil present at the battery and pasture is stained and impacted from a release. Site photos were taken. Additionally, a Notification of Release (NOR) and form C-141 may be required in accordance with 19.15.29 NMAC. Please provide the following information: - What was the total volume of the release? - If the release is of a reportable volume, when will the Notification of Release (NOR) and Initial C-141 be submitted to the OCD? - Explain how the source of the release was eliminated and how site security was established, include the date(s) that this was accomplished. - Explain how the release at the site was contained, include the date(s) that this was accomplished. - Explain how the release at the site was stabilized, include the date(s) that this was accomplished. - Explain how the release was/is being remediated, include the date(s) of activities performed.)</i>			

In the event that a satisfactory response is not received to this letter of direction by the "Corrective Action Due By:" date shown above, further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon this well.

Note: Information in Detail Section comes directly from field inspector data entries - not all blanks will contain data.
