BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

ORDER NO. AG-N-28-F

SUPPLEMENTARY GAS PRORATION ORDER FOR THE MONTH
OF JULY, 1969

The Commission held public hearing at Santa Fe, New Mexico, on June 13, 1969, at 9 a.m., pursuant to legal notice, for the purpose of setting the allowable production of gas from the following nine gas pools in San Juan, Rio Arriba, and Sandoval Counties, New Mexico, for the month of July, 1969.

Basin-Dakota, Blanco-Mesaverde, Aztec-Pictured Cliffs, Ballard-Pictured Cliffs, Fulcher Kutz-Pictured Cliffs, South Blanco-Pictured Cliffs, Tapacito-Pictured Cliffs, West Kutz-Pictured Cliffs, and Devils Fork-Gallup.

NOW, on this 13th day of June, 1969, the Commission, a quorum being present, having considered the supplementary nominations of purchasers, the capacity of producing wells, and being otherwise fully advised in the premises,

FINDS:

(1) That the total nomination of purchasers of gas produced from the above-listed nine gas pools for the month of July, 1969, is 39,381,620 Mcf. The individual pool nominations are as follows:

Basin-Dakota	16,904,000 Mcf
Blanco-Mesaverde	16,684,000 Mcf
Aztec-Pictured Cliffs	893,400 Mcf
Ballard-Pictured Cliffs	917,500 Mcf
Fulcher Kutz-Pictured Cliffs	409,400 Mcf
South Blanco-Pictured Cliffs	2,499,400 Mcf
Tapacito-Pictured Cliffs	661,300 Mcf
West Kutz-Pictured Cliffs	309,300 Mcf
Devils Fork-Gallup	103,320 Mcf

(2) That the potential producing capacity of all gas wells in the nine gas pools listed above is in excess of the nominations of purchasers of gas, and in order to prevent waste and protect correlative rights, the production of gas from the above-listed nine gas pools should be limited, allocated, and distributed during the month of July, 1969.

(3) That all the producing gas wells, together with the expected completed or re-completed wells in the nine gas pools listed above, can produce a total of 39,381,620 Mcf without causing waste during the month of July, 1969, and an allocation based upon such production would be reasonable and would protect correlative rights.

IT IS THEREFORE ORDERED:

(1) That for the month of July, 1969, the allowable production to be assigned the nine allocated gas pools in San Juan, Rio Arriba, and Sandoval Counties, New Mexico, is as follows:

Basin-Dakota	16,904,000 Mcf
Blanco-Mesaverde	16,684,000 Mcf
Aztec-Pictured Cliffs	893,400 Mcf
Ballard-Pictured Cliffs	917,500 Mcf
Fulcher Kutz-Pictured Cliffs	409,400 Mcf
South Blanco-Pictured Cliffs	2,499,400 Mcf
Tapacito-Pictured Cliffs	661,300 Mcf
West Kutz-Pictured Cliffs	309,300 Mcf
Devils Fork-Gallup	103,320 Mcf

(2) That the allocation hereby set for the month of July, 1969, in the nine allocated pools in San Juan, Rio Arriba, and Sandoval Counties, New Mexico, shall be in accordance with the Commission Rules, Regulations, and Orders.

(3) That a proration schedule, duly prepared by the Commission and thereafter adopted for the month of July, 1969, is hereto attached and made a part hereof; it distributes and allocates the allowable production among the gas wells in the nine gas pools listed above for the period stated, in accordance with the Commission Rules, Regulations, and Orders.

The foregoing order shall remain effective until further order of the Commission.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
