THE PURPOSE OF CONSIDERING:

CASE No. 1801

This cause came on for hearing at 9 o'clock a.m. on October 28, 1959, at Santa Fe, New Mexico, before Daniel S. NOW, on this 17th day of November, 1959, the Commission, a quorum being present, having considered the application, the evidence adduced, and the recommendations of the Examiner, Daniel S. Nutter, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That by Order No. R-1335, a 241-acre non-standard gas proration unit in the Eumont Gas Pool was created, consisting of the NE/4 of Section 5, Township 20 South, Range 37 East, and the S/2 SE/4 of Section 32, Township 19 South, Range 37 East, NMPM, Lea County, New Mexico, which unit is dedicated to the applicant's J. W. Cooper Well No. 5, located 1668 feet from the North line and 1650 feet from the East line of said Section 5.

(3) That the applicant seeks an order force-pooling all the interests in the above-described 241-acre non-standard Eumont gas proration unit.

(4) That it is completely impracticable to form a standard Eumont gas unit embracing the above-described 241-acre tract.

Order No. R-1529

(5) That all parties owning working interests in the above-described proration unit have agreed to communitization, as have a majority of the parties owning royalty interests.

(6) That the applicant has made diligent efforts to communitize all royalty interests in the above-described 241-acre unit for the Eumont Gas Pool, but has been unable to obtain the consent of all persons owning royalty interests in said 241-acre unit.

(7) That all parties owning an interest in the above-described acreage were given actual notice of the hearing in this case and that the Commission has received no objection to the approval of the subject application.

(8) That approval of the subject application will neither cause waste nor impair correlative rights, and denial of the application would tend to deprive the owners of such tract the opportunity to recover their just and equitable share of the hydrocarbons in the Eumont Pool.

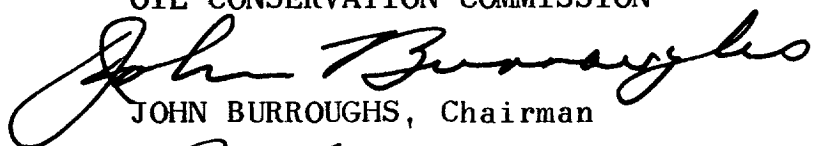

IT IS THEREFORE ORDERED:

(1) That the interests of all persons having the right to drill for, produce, or share in the production of dry gas and associated liquid hydrocarbons, or either of them, from the Eumont Gas Pool underlying the 241-acre non-standard gas proration unit created by Order No. R-1335 be and the same are hereby force-pooled.
