CALLED BY THE OIL CONSERVATION  
DIVISION FOR THE PURPOSE OF  
CONSIDERING:

CASE NO. 6416  
Order No. R-2187-A

APPLICATION OF ANADARKO PRODUCTION  
COMPANY FOR SPECIAL POOL RULES,  
EDDY COUNTY, NEW MEXICO.

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 9 a.m. on January 17, 1979, at Santa Fe, New Mexico, before Examiner Daniel S. Nutter.

NOW, on this 23rd day of January, 1979, the Division Director, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Anadarko Production Company, proposes to drill a Morrow gas well within one mile of the Cedar Lake-Morrow Gas Pool, Eddy County, New Mexico.

(3) That said Cedar Lake-Morrow Gas Pool was created and designated by the Division by Order No. R-2187, effective March 1, 1962.

(4) That by Division Order No. R-2707, dated May 25, 1964, Rule 104 of the Division Rules and Regulations was amended to provide that all gas pools of Pennsylvanian age or older in Southeast New Mexico which were created and defined June 1, 1964, or later shall have 320-acre spacing and proration units, inasmuch as it was found that in Southeast New Mexico, "...a gas well completed in the Pennsylvanian formation or a deeper formation will efficiently and economically drain and develop a 320-acre tract."

Order No. R-2187-A

(5) That the applicant in the instant case seeks the promulgation of rules including a provision for 320-acre spacing for the Cedar Lake-Morrow Gas Pool in Eddy County, New Mexico, inasmuch as that pool was excluded from the provisions of Order No. R-2707, because it was created and defined prior to the cut-off date of June 1, 1964.

(6) That at the hearing of the instant case, no objection was received to the inclusion of the Cedar Lake-Morrow Gas Pool under the provisions of Rule 104 of the Division Rules and Regulations for gas pools of Pennsylvanian age or older.

(7) That one well in the Cedar Lake-Morrow Gas Pool in Eddy County, New Mexico, will efficiently and economically drain and develop 320 acres, and the inclusion of said pool under the 320-acre provisions of Rule 104 for pools of Pennsylvanian age or older will not cause waste nor violate correlative rights, and should be approved.

IT IS THEREFORE ORDERED:

(1) That effective immediately, each well completed or recompleted in the Cedar Lake-Morrow Gas Pool or in the Pennsylvanian formation within one mile thereof shall be subject to the provisions of Rule 104 of the Division Rules and Regulations notwithstanding the fact said pool was created and defined prior to June 1, 1964.

IT IS FURTHER ORDERED:

(1) That the locations of all wells presently drilling to or completed in the Cedar Lake-Morrow Gas Pool or in the Pennsylvanian formation within one mile thereof are hereby approved; that the operator of any well having an unorthodox location shall notify the Artesia District Office of the Division in writing of the name and location of the well by March 1, 1979.

(2) That pursuant to Paragraph A. of Section 65-3-14.5, NMSA 1953, contained in Chapter 271, Laws of 1969, existing producing and drilling wells in the Cedar Lake-Morrow Gas Pool shall have dedicated thereto 320 acres in accordance with Rule 104 of the Division Rules and Regulations; or pursuant to Paragraph C. of said Section 65-3-14.5, existing wells may have non-standard units dedicated thereto.

Failure to file new Forms C-102 with the Division dedicating 320 acres to a well or to obtain a non-standard unit approved by the Division within 60 days from the effective date of this order shall subject the well to cancellation of allowable.

(3) That jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.
