BEFORE THE OIL CONSERVATION COMMISSION  
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING  
CALLED BY THE OIL CONSERVATION  
COMMISSION OF NEW MEXICO FOR  
THE PURPOSE OF CONSIDERING:

CASE No. 3261  
Order No. R-2931  
NOMENCLATURE

APPLICATION OF DELAWARE-APACHE CORPORATION  
FOR A POOL EXTENSION AND SPECIAL RULES, LEA  
COUNTY, NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m. on June 9, 1965, at Santa Fe, New Mexico, before Examiner Elvis A. Utz.

NOW, on this 15th day of June, 1965, the Commission, a quorum being present, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Delaware-Apache Corporation, seeks the extension of the horizontal limits of the Jenkins-Cisco Pool in Lea County, New Mexico, to include the following-described area:

TOWNSHIP 9 SOUTH, RANGE 34 EAST, NMPM

Section 24: SE/4

Section 25: NE/4

TOWNSHIP 9 SOUTH, RANGE 35 EAST, NMPM

Section 19: S/2

Section 30: NW/4

(3) That the horizontal limits of the Jenkins-Cisco Pool should be extended to include only a portion of the above-described area.

-2-

CASE No. 3261

Order No. R-2931

(4) That the applicant also seeks the promulgation of temporary special rules and regulations governing said pool, including a provision for 80-acre spacing units.

(5) That in order to prevent the economic loss caused by the drilling of unnecessary wells, to avoid the augmentation of risk arising from the drilling of an excessive number of wells, to prevent reduced recovery which might result from the drilling of too few wells, and to otherwise prevent waste and protect correlative rights, temporary special rules and regulations providing for 80-acre spacing units should be promulgated for the Jenkins-Cisco Pool.

(6) That the temporary special rules and regulations should provide for limited well locations in order to assure orderly development of the pool and protect correlative rights.

(7) That the temporary special rules and regulations should be established for a one-year period in order to allow the operators in the subject pool to gather reservoir information to establish the area that can be efficiently and economically drained and developed by one well.

(8) That this case should be reopened at an examiner hearing in July, 1966, at which time the operators in the subject pool should be prepared to appear and show cause why the Jenkins-Cisco Pool should not be developed on 40-acre spacing units.

IT IS THEREFORE ORDERED:

(1) That the horizontal limits of the Jenkins-Cisco Pool in Lea County, New Mexico, are hereby extended to include the following-described area:

TOWNSHIP 9 SOUTH, RANGE 34 EAST, NMPM  
Section 24: E/2 SE/4

TOWNSHIP 9 SOUTH, RANGE 35 EAST, NMPM  
Section 19: S/2 SW/4  
Section 30: N/2 NW/4

(2) That temporary Special Rules and Regulations for the Jenkins-Cisco Pool are hereby promulgated as follows:

-3-

CASE No. 3261  
Order No. R-2931

SPECIAL RULES AND REGULATIONS  
FOR THE  
JENKINS-CISCO POOL

RULE 1. Each well completed or recompleted in the Jenkins-Cisco Pool or in the Cisco formation within one mile thereof, and not nearer to or within the limits of another designated Cisco oil pool, shall be spaced, drilled, operated, and produced in accordance with the Special Rules and Regulations hereinafter set forth.

RULE 2. Each well shall be located on a standard unit containing 80 acres, more or less, consisting of the N/2, S/2, E/2, or W/2 of a governmental quarter section; provided, however, that nothing contained herein shall be construed as prohibiting the drilling of a well on each of the quarter-quarter sections in the unit.

RULE 3. The Secretary-Director of the Commission may grant an exception to the requirements of Rule 2 without notice and hearing when an application has been filed for a non-standard unit comprising a governmental quarter-quarter section or lot. All operators offsetting the proposed non-standard unit shall be notified of the application by registered or certified mail, and the application shall state that such notice has been furnished. The Secretary-Director may approve the application upon receipt of written waivers from all offset operators or if no offset operator has entered an objection to the formation of the non-standard unit within 30 days after the Secretary-Director has received the application.

RULE 4. Each well shall be located within 150 feet of the center of a governmental quarter-quarter section or lot.

RULE 5. The Secretary-Director may grant an exception to the requirements of Rule 4 without notice and hearing when an application has been filed for an unorthodox location necessitated by topographical conditions or the recompletion of a well previously drilled to another horizon. All operators offsetting the proposed location shall be notified of the application by registered or certified mail, and the application shall state that such notice has been furnished. The Secretary-Director may approve the application upon receipt of written waivers from all operators offsetting the proposed location or if no objection to the unorthodox location has been entered within 20 days after the Secretary-Director has received the application.

-4-

CASE No. 3261  
Order No. R-2931

RULE 6. A standard proration unit (79 through 81 acres) shall be assigned an 80-acre proportional factor of 4.77 for allowable purposes, and in the event there is more than one well on an 80-acre proration unit, the operator may produce the allowable assigned to the unit from the wells on the unit in any proportion.

The allowable assigned to a non-standard proration unit shall bear the same ratio to a standard allowable as the acreage in such non-standard unit bears to 80 acres.

IT IS FURTHER ORDERED:

(1) That the locations of all wells presently drilling to or completed in the Jenkins-Cisco Pool or in the Cisco formation within one mile thereof are hereby approved provided that the operator of any well having an unorthodox location shall notify the Hobbs District Office of the Commission in writing of the name and location of the well on or before July 1, 1965.

(2) That each well presently drilling to or completed in the Jenkins-Cisco Pool or in the Cisco formation within one mile thereof shall receive a 40-acre allowable until a Form C-102 dedicating 80 acres to the well has been filed with the Commission.

(3) That this case shall be reopened at an examiner hearing in July, 1966, at which time the operators in the subject pool may appear and show cause why the Jenkins-Cisco Pool should not be developed on 40-acre spacing units.

(4) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
