NOW, on this 30th day of March, 1971, the Commission,

Section 17 and to dedicate to the well a standard 80-acre proration unit comprising the E/2 SE/4 of said Section 17.

(5) That the entire non-standard oil proration unit requested by the applicant may reasonably be presumed to be productive of oil from the Bluitt-San Andres Associated Pool and can be efficiently and economically drained and developed by its Federal 17-A Well No. 1.

(6) That the ownership is common throughout the E/2 of said Section 17.

(7) That approval of the 80-acre non-standard oil proration unit as requested will afford the applicant the opportunity to produce its just and equitable share of the oil in the Bluitt-San Andres Associated Pool underlying the E/2 of said Section 17, will prevent the economic loss caused by the drilling of unnecessary wells, will avoid the augmentation of risk arising from the drilling of an excessive number of wells, and will otherwise prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED:

(1) That, effective April 1, 1971, an 80-acre non-standard oil proration unit in the Bluitt-San Andres Associated Pool comprising the NW/4 SE/4 and the SW/4 NE/4 of Section 17, Township 8 South, Range 38 East, NMPM, Roosevelt County, New Mexico, is hereby established and dedicated to the Union Oil Company Federal 17-A Well No. 1 located in the NW/4 SE/4 of said Section 17.
