2. That in making these findings and issuing this order, the Commission recognizes that there is a dispute as to whether certain leases involved in these cases remained in force and effect during all times relevant hereto; that the Commission cannot, and will not, attempt in this order to adjudicate the title to any such lease.

3. That by its Order No. R-110 the Commission established a uniform spacing plan for the Blanco Mesaverde Gas Pool, said plan providing for drilling units of not less than 320 acres of land in the shape of a rectangle, and provided further that "the pooling of properties or parts thereof shall be permitted, and if not agreed upon may be required in any case when and to the extent that the smallness or shape of a separately owned tract would, under the enforcement of the uniform spacing plan or proration units, otherwise deprive or tend to deprive the owner of such tract of the opportunity to recover his just and equitable share of the crude petroleum oil and natural gas in the pool."

4. That by its Order R-110, the Commission further provided that "no well shall be drilled completed or recompleted and no Notice of Intention to Drill or drilling permit shall be approved, unless such well be located on a designated drilling unit of not less than three hundred twenty (320) acres of land,

5. That the "interests" which Order R-110 requires to be "Consolidated by pooling agreement or otherwise" to form a drilling unit are the interests of the "owners" as that term is defined in Section 62-3-29 (e) New Mexico Statutes Annotated (1953) i.e., "the person who has the right to drill into and produce from any pool, and to appropriate the production either for himself or for himself and another."

6. That on August 25, 1953 the E/2 of said Section 8, Township 31 North, Range 10 West, NMPM, was situated within the Blanco Mesaverde Gas Pool as then designated by the Commission.

7. That El Paso Natural Gas Company and Beaver Lodge Oil Corporation were the sole owners of the E/2 of Section 8, Township 31 North, Range 10 West, NMPM, San Juan County, New Mexico on August 25, 1953.

8. That the said owners had agreed to pool their interests in the E/2 of said Section 8 prior to August 25, 1953.

9. That on August 25, 1953 the Commission approved El Paso Natural Gas Company's application to drill its proposed Marcotte Pool Unit #1 Well on a drilling unit consisting of the E/2 of said Section 8.

10. That the formation of the drilling unit consisting of the E/2 of said Section 8 complied in all respects with Order R-110.

11. That the drilling of an additional well in the E/2 of said Section 8 would be wasteful.

IT IS THEREFORE ORDERED:

1. That the E/2 of Section 8, Township 31 North, Range 10 West, NMPM, San Juan County, New Mexico, containing 320 acres, more or less, should be and the same is hereby recognized and treated as an authorized drilling unit duly formed and established in accordance with the provisions of Order R-110 as of August 25, 1953.

2. That the application of El Paso Natural Gas Company for an order force communitizing or pooling the E/2 of Section 8, Township 31 North, Range 10 West, NMPM, pursuant to the terms of the communitization agreement submitted with the application in Case 710 be and the same is hereby denied.
