BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE NOS. 6017
6035
6036
Order No. R-5579

APPLICATION OF E. L. LATHAM, JR. AND
ROY G. BARTON, JR., FOR COMPULSORY
POOLING OR 40-ACRE SPACING, LEA COUNTY,
NEW MEXICO; AND, APPLICATION OF SOUTHERN
UNION SUPPLY CO., FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on September 14, 1977, at Santa Fe, New Mexico, before Examiner Richard L. Stamets.

NOW, on this 22nd day of November, 1977, the Commission, a quorum being present, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the Commission received the application of E. L. Latham, Jr., and Roy G. Barton, Jr., for an order pooling all mineral interests underlying the E/2 NE/4 of Section 30, Township 9 South, Range 33 East, NMPM, Flying M-San Andres Pool, Lea County, New Mexico and set the same for hearing as Case No. 6017 on August 31, 1977.

(3) That at the August 31, 1977, hearing said Case No. 6017 was continued to the September 14, 1977, Examiner hearing.

(4) That the Commission subsequently received the application of Southern Union Supply Co. for an order pooling all mineral interests in the San Andres formation underlying the N/2 NE/4 of Section 30, Township 9 South, Range 33 East, NMPM, Flying M-San Andres Pool, Lea County, New Mexico, and set the same for hearing as Case No. 6035, on September 14, 1977.

-2-

Case No. 6017

6035

6036

Order No. R-5579

(5) That the Commission thereafter received the application of E. L. Latham, Jr., and Roy G. Barton, Jr., for an order pooling all mineral interests in the Flying M-San Andres Pool underlying the E/2 NE/4 of Section 30, Township 9 South, Range 33 East, Lea County, New Mexico, to be dedicated to a well to be drilled at an unorthodox location for said pool within 200 feet of the center of the NE/4 NE/4 of said Section 30, or an order pooling only the NE/4 NE/4 of Section 30 to form a non-standard 40-acre unit to be dedicated to the aforesaid well, or in the alternative, the amendment of the Flying M-San Andres Pool Rules to provide for 40-acre spacing, and an order pooling the aforesaid NE/4 NE/4 of Section 30 as a standard unit for said pool to be dedicated to a well to be drilled at a standard location thereon, and set the same for hearing as Case No. 6036, on September 14, 1977.

(6) That on September 14, 1977, Cases 6017, 6035, and 6036 were consolidated and testimony was heard by the Commission examiner concerning each application.

(7) That the evidence presented was insufficient to prove either the necessity for or the propriety of amendment of the Special Rules and Regulations for said Flying M-San Andres Pool and that that part of the application in Case No. 6036 should be denied.

(8) That the evidence presented demonstrated that, due to the existing pattern of development, the correlative rights of the interest owners under the NE/4 NE/4 of said Section 30 cannot be protected unless a well is drilled thereon, and that portion of Case No. 6017 relating to a standard location for the Flying M-San Andres Pool, in the SE/4 NE/4 of Section 30 should be dismissed.

(9) That the applicants, E. L. Latham, Jr., and Roy G. Barton, Jr., were the only applicants seeking to drill a well within the NE/4 NE/4 of said Section 30.

(10) That the evidence presented was insufficient to prove either the necessity for or the propriety of the granting of a non-standard oil proration unit in said Flying M-San Andres Pool consisting of the NE/4 NE/4 of said Section 30 and that part of the application in Case No. 6036 should be denied.

(11) That approval of the application of E. L. Latham, Jr., and Roy G. Barton, Jr., for an order pooling all mineral interests underlying the E/2 NE/4 of said Section 30 in said Flying M-San Andres Pool and for an unorthodox oil well location within 200 feet of the center of the NE/4 NE/4 of said Section 30 will afford the various owners of interest under the NE/4 of said Section 30 the best opportunity to produce their just and equitable share of the oil in the subject pool without unnecessary expense and will not result in waste.

-3-

Case Nos. 6017
6035
6036
Order No. R-5579

(12) That said application should be approved.

(13) That there are interest owners in the proposed proration unit who have not agreed to pool their interests.

(14) That the applicants, E. L. Latham, Jr., and Roy G. Barton, Jr., should be designated the operator of the subject well and unit.

(15) That any non-consenting working interest owner should be afforded the opportunity to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production.

(16) That any non-consenting working interest owner that does not pay his share of estimated well costs should have withheld from production his share of the reasonable well costs plus an additional 25 percent thereof as a reasonable charge for the risk involved in the drilling of the well.

(17) That any non-consenting interest owner should be afforded the opportunity to object to the actual well costs but that actual well costs should be adopted as the reasonable well costs in the absence of such objection.

(18) That following determination of reasonable well costs, any non-consenting working interest owner that has paid his share of estimated costs should pay to the operator any amount that reasonable well costs exceed estimated well costs and should receive from the operator any amount that paid estimated well costs exceed reasonable well costs.

(19) That \$1,000.00 per month while drilling and \$125.00 per month while producing should be fixed as reasonable charges for supervision (combined fixed rates); that the operator should be authorized to withhold from production the proportionate share of such supervision charges attributable to each non-consenting working interest, and in addition thereto, the operator should be authorized to withhold from production the proportionate share of actual expenditures required for operating the subject well, not in excess of what are reasonable, attributable to each non-consenting working interest.

(20) That all proceeds from production from the subject well which are not disbursed for any reason should be placed in escrow to be paid to the true owner thereof upon demand and proof of ownership.

(21) That upon the failure of the operator of said pooled unit to commence drilling of the well to which said unit is dedicated on or before January 31, 1978, the order pooling said unit should become null and void and of no effect whatsoever.

-4-

Case Nos. 6017
6035
6036
Order No. R-5579

(22) That the application of Southern Union Supply Company in Case No. 6035 for an order pooling all mineral interests in the San Andres formation underlying the N/2 NE/4 of said Section 30 in said Flying M-San Andres Pool should be denied.

IT IS THEREFORE ORDERED:

(1) That the application of E. L. Latham, Jr., and Roy G. Barton, Jr., in Case No. 6036 for an amendment of the Special Rules and Regulations for the Flying M-San Andres Pool, Lea County, New Mexico, to provide for a change from 80-acre spacing units to 40-acre spacing units is hereby denied.

(2) That the application of E. L. Latham, Jr., and Roy G. Barton, Jr., in Case No. 6036 for approval of a 40-acre non-standard oil proration unit consisting of the NE/4 NE/4 of Section 30, Township 9 South, Range 33 East, Flying M-San Andres Pool, Lea County, New Mexico, is hereby denied.

(3) That that portion of the application of E. L. Latham, Jr., and Roy G. Barton, Jr., in Case No. 6017 relating to a standard Flying M-San Andres Pool location in the SE/4 NE/4 of said Section 30 is hereby dismissed.

(4) That the application of Southern Union Supply Co. in Case No. 6035 for an order pooling all mineral interests in the San Andres formation underlying the N/2 NE/4 of said Section 30 in said Flying M-San Andres Pool to be dedicated to a well to be drilled in the NW/4 NE/4 of said Section is hereby denied.

(5) That all mineral interests, whatever they may be, in the San Andres formation underlying the E/2 NE/4 of Section 30, Township 9 South, Range 33 East, NMPM, Flying M-San Andres Pool, Lea County, New Mexico, are hereby pooled to form a standard 80-acre oil spacing and proration unit to be dedicated to a well to be drilled at an unorthodox location within 200 feet of the center of the NE/4 NE/4 of said Section 30.

PROVIDED HOWEVER, that the operator of said unit shall commence the drilling of said well on or before the 31st day of January, 1978, and shall thereafter continue the drilling of said well with due diligence to a depth sufficient to test the San Andres formation;

PROVIDED FURTHER, that in the event said operator does not commence the drilling of said well on or before the 31st day of January, 1978, Order (5) of this order shall be null and void and of no effect whatsoever; unless said operator obtains a time extension from the Commission for good cause shown.

-5-

Case Nos. 6017
6035
6036
Order No. R-5579

PROVIDED FURTHER, that should said well not be drilled to completion, or abandonment, within 120 days after commencement thereof, said operator shall appear before the Commission and show cause why Order (5) of this order should not be rescinded.

(6) That E. L. Latham, Jr., and Roy G. Barton, Jr., are hereby designated the operator of the subject well and unit.

(7) That after the effective date of this order and within 30 days prior to commencing said well, the operator shall furnish the Commission and each known working interest owner in the subject unit an itemized schedule of estimated well costs.

(8) That within 30 days from the date the schedule of estimated well costs is furnished to him, any non-consenting working interest owner shall have the right to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production, and that any such owner who pays his share of estimated well costs as provided above shall remain liable for operating costs but shall not be liable for risk charges.

(9) That the operator shall furnish the Commission and each known working interest owner an itemized schedule of actual well costs within 90 days following completion of the well; that if no objection to the actual well costs is received by the Commission and the Commission has not objected within 45 days following receipt of said schedule, the actual well costs shall be the reasonable well costs; provided however, that if there is an objection to actual well costs within said 45-day period the Commission will determine reasonable well costs after public notice and hearing.

(10) That within 60 days following determination of reasonable well costs, any non-consenting working interest owner that has paid his share of estimated costs in advance as provided above shall pay to the operator his pro rata share of the amount that reasonable well costs exceed estimated well costs and shall receive from the operator his pro rata share of the amount that estimated well costs exceed reasonable well costs.

(11) That the operator is hereby authorized to withhold the following costs and charges from production:

- (A) The pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

-6-

Case Nos. 6017

6035

6036

Order No. R-5579

(B) As a charge for the risk involved in the drilling of the well, 25 percent of the pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

(12) That the operator shall distribute said costs and charges withheld from production to the parties who advanced the well costs.

(13) That \$1,000.00 per month while drilling and \$125.00 per month while producing are hereby fixed as reasonable charges for supervision (combined fixed rates); that the operator is hereby authorized to withhold from production the proportionate share of such supervision charges attributable to each non-consenting working interest, and in addition thereto, the operator is hereby authorized to withhold from production the proportionate share of actual expenditures required for operating such well, not in excess of what are reasonable, attributable to each non-consenting working interest.

(14) That any unsevered mineral interest shall be considered a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest for the purpose of allocating costs and charges under the terms of this order.

(15) That any well costs or charges which are to be paid out of production shall be withheld only from the working interests share of production, and no costs or charges shall be withheld from production attributable to royalty interests.

(16) That all proceeds from production from the subject well which are not disbursed for any reason shall be placed in escrow in Lea County, New Mexico, to be paid to the true owner thereof upon demand and proof of ownership; that the operator shall notify the Commission of the name and address of said escrow agent within 90 days from the date of this order.

(17) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.
