BEFORE THE OIL CONSERVATION COMMISSION  
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING  
CALLED BY THE OIL CONSERVATION  
COMMISSION OF NEW MEXICO FOR  
THE PURPOSE OF CONSIDERING:

CASE NO. 6104  
Order No. R-5619

APPLICATION OF BETRICE BEDINGFIELD  
FOR SALT WATER DISPOSAL, EDDY COUNTY,  
NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on December 14, 1977, at Santa Fe, New Mexico, before Examiner Richard L. Stamets.

NOW, on this 17th day of January, 1978, the Commission, a quorum being present, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Betrice Bedingfield, is the owner and operator of the Sunray State Well No. 1, located in Unit E of Section 30 and the Hastie Well No. 8 located in Unit F of Section 18, both in Township 17 South, Range 28 East, NMPM, Empire Yates-Seven Rivers Pool, Eddy County, New Mexico.

(3) That the applicant proposes to utilize said wells to dispose of produced salt water into the Seven Rivers formation, with injection into the open-hole interval from approximately 487 feet to 517 feet in the Sunray State Well No. 1 and from 500 feet to 552 feet in the Hastie Well No. 8.

(4) That in each of said wells the injection should be accomplished through 2-inch plastic lined tubing installed in a packer set within 20 feet of the casing shoe; that the casing-tubing annulus should be filled with an inert fluid; and that a pressure gauge or approved leak detection device should be attached to the annulus in order to determine leakage in the casing, tubing, or packer.

(5) That the injection well or system should be equipped with a pressure limiting switch or acceptable substitute which will limit the wellhead pressure on the injection well to no more than 250 psi.

-2-

Case No. 6104  
Order No. R-5619

(6) That the Secretary-Director of the Commission should be authorized to administratively grant a higher wellhead injection pressure.

(7) That the operator should notify the supervisor of the Artesia district office of the Commission of the date and time of the installation of disposal equipment so that the same may be inspected.

(8) That the operator should take all steps necessary to ensure that the injected water enters only the proposed injection interval and is not permitted to escape to other formations or onto the surface.

(9) That approval of the subject application will prevent the drilling of unnecessary wells and otherwise prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED:

(1) That the applicant, Betrice Bedingfield, is hereby authorized to utilize her Sunray State Well No. 1, located in Unit E of Section 30 and her Hastie Well No. 8 located in Unit F of Section 18 both in Township 17 South, Range 28 East, NMPM, Empire Yates-Seven Rivers Pool, Eddy County, New Mexico, to dispose of produced salt water into the Seven Rivers formation, injection to be accomplished through 2-inch tubing installed in a packer set within 20 feet of the casing shoe, with injection into the open-hole interval from approximately 487 feet to 517 feet; and 500 feet to 552 feet, respectively.

PROVIDED HOWEVER, that the tubing shall be plastic-lined; that the casing-tubing annulus shall be filled with an inert fluid; and that a pressure gauge shall be attached to the annulus or the annulus shall be equipped with an approved leak detection device in order to determine leakage in the casing, tubing, or packer.

(2) That the injection well or system shall be equipped with a pop-off valve or acceptable substitute which will limit the wellhead pressure on the injection well to no more than 250 psi.

(3) That for good cause shown, the Secretary-Director of the Commission may administratively grant a higher wellhead injection pressure.

(4) That the operator shall notify the supervisor of the Artesia district office of the Commission of the date and time of the installation of disposal equipment so that the same may be inspected.

-3-

Case No. 6104  
Order No. R-5619

(5) That the operator shall immediately notify the supervisor of the Commission's Artesia district office of the failure of the tubing, casing, or packer, in said well or the leakage of water from or around said well and shall take such steps as may be timely and necessary to correct such failure or leakage.

(6) That the applicant shall submit monthly reports of its disposal operations in accordance with Rules 704 and 1120 of the Commission Rules and Regulations.

(7) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
