ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 9 a.m. on March 11, 1981, at Santa Fe, New Mexico, before Examiner Richard L. Stamets.

NOW, on this 7th day of April, 1981, the Division Director, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Blackwood & Nichols Co., Ltd., seeks approval of the following four Fruitland and Pictured Cliffs non-standard gas proration units:

proration unit can be efficiently and economically drained and developed by the aforesaid wells.

(4) That approval of the subject application will afford the applicant the opportunity to produce his just and equitable share of the gas in the Fruitland and Pictured Cliffs formations under each of the proposed non-standard proration units, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells, and will otherwise prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED:

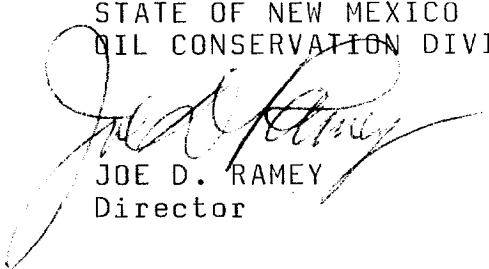

(1) That four Fruitland and Pictured Cliffs non-standard gas proration units in San Juan County, New Mexico, are hereby established and dedicated for the applicant, Blackwood & Nichols Co., Ltd., as follows:

(2) That jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.
