OIL CONSERVATION DIVISION

IN THE MATTER OF THE HEARING  
CALLED BY THE OIL CONSERVATION  
DIVISION FOR THE PURPOSE OF  
CONSIDERING:

CASE NO. 7952  
Order No. R-7359

APPLICATION OF INEXCO OIL COMPANY  
FOR COMPULSORY POOLING, AN UNORTHODOX  
LOCATION, AND A NON-STANDARD PRORATION  
UNIT, LEA COUNTY, NEW MEXICO

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 9 a.m. on August 31, 1983, and September 14, 1983, at Santa Fe, New Mexico, before Examiner Michael E. Stogner.

NOW, on this 26th day of September, 1983, the Division Director, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Inexco Oil Company, seeks an order pooling all mineral interests from the surface to the top of the Strawn formation and from the base of the Strawn formation to the top of the Mississippian formation underlying the SE/4 SW/4 of Section 13, Township 15 South, Range 37 East, NMPM, Lea County, New Mexico, to form a standard 40-acre oil proration unit to be dedicated to the applicant's Norris Well No. 2, to be drilled at an unorthodox location 800 feet from the South line and 2,550 feet from the West line of said Section 13.

(3) That the applicant also seeks an order pooling all mineral interests in the South Humble City-Strawn Pool underlying an 80-acre non-standard oil proration unit comprising the SE/4 SW/4 and the SW/4 SE/4 of said Section 13 to be dedicated to the applicant's said Norris Well No. 2.

Case No. 7952  
Order No. R-7359

(4) That the applicant has the right to drill and proposes to drill on the aforesaid lands.

(5) That there are interest owners in the proposed proration units who have not agreed to pool their interests.

(6) That to avoid the drilling of unnecessary wells, to protect correlative rights, and to afford to the owner of each interest in said units the opportunity to recover or receive without unnecessary expense his just and fair share of the oil and gas underlying the proposed spacing and proration units, the subject application should be approved by pooling all mineral interests, whatever they may be, within said units.

(7) That the applicant should be designated the operator of the subject well and units.

(8) That any non-consenting working interest owner should be afforded the opportunity to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production.

(9) That any non-consenting working interest owner who does not pay his share of estimated well costs should have withheld from production his share of the reasonable well costs plus an additional 200 percent thereof as a reasonable charge for the risk involved in the drilling of the well.

(10) That any non-consenting interest owner should be afforded the opportunity to object to the actual well costs but that actual well costs should be adopted as the reasonable well costs in the absence of such objection.

(11) That following determination of reasonable well costs, any non-consenting working interest owner who has paid his share of estimated costs should pay to the operator any amount that reasonable well costs exceed estimated well costs and should receive from the operator any amount that paid estimated well costs exceed reasonable well costs.

(12) That \$3,660 per month while drilling and \$401.00 per month while producing should be fixed as reasonable charges for supervision (combined fixed rates); that the operator should be authorized to withhold from production the proportionate share of such supervision charges attributable to each non-consenting working interest, and in addition thereto, the operator should be authorized to withhold from production the proportionate share of actual expenditures required for operating the subject well, not in excess of what are reasonable, attributable to each non-consenting working interest.

Case No. 7952  
Order No. R-7359

(13) That all proceeds from production from the subject well which are not disbursed for any reason should be placed in escrow to be paid to the true owner thereof upon demand and proof of ownership.

(14) That upon the failure of the operator of said pooled units to commence drilling of the well to which said units are dedicated on or before December 1, 1983, the order pooling said units should become null and void and of no effect whatsoever.

IT IS THEREFORE ORDERED:

(1) That all mineral interests, whatever they may be, in all formations from the surface down to the top of the Strawn formation and from the base of the Strawn formation to the top of the Mississippian formation underlying the SE/4 SW/4 of Section 13, Township 15 South, Range 37 East, NMPM, Lea County, New Mexico, are hereby pooled to form a standard 40-acre oil spacing and proration unit to be dedicated to applicant's Norris Well No. 2 to be drilled at an unorthodox location 800 feet from the South line and 2,550 feet from the West line of said Section 13.

(2) That all mineral interests, whatever they may be, in the South Humble City-Strawn Pool underlying the SE/4 SW/4 and the SW/4 SE/4 of said Section 13, are hereby pooled to form an 80-acre non-standard oil spacing and proration unit to be dedicated to the applicant's said Norris Well No. 2.

PROVIDED HOWEVER, that the operator of said units shall commence the drilling of said well on or before the 1st day of December, 1983, and shall thereafter continue the drilling of said well with due diligence to a depth sufficient to test all formations underlying the Mississippian formation;

PROVIDED FURTHER, that in the event said operator does not commence the drilling of said well on or before the 1st day of December, 1983, Order (1) of this order shall be null and void and of no effect whatsoever, unless said operator obtains a time extension from the Division for good cause shown.

PROVIDED FURTHER, that should said well not be drilled to completion, or abandonment, within 120 days after commencement thereof, said operator shall appear before the Division Director and show cause why Order (1) of this order should not be rescinded.

(3) That Inexco Oil Company is hereby designated the operator of the subject well and units.

Case No. 7952  
Order No. R-7359

(4) That after the effective date of this order and within 90 days prior to commencing said well, the operator shall furnish the Division and each known working interest owner in the subject units an itemized schedule of estimated well costs.

(5) That within 30 days from the date the schedule of estimated well costs is furnished to him, any non-consenting working interest owner shall have the right to pay his share of estimated well costs to the operator in lieu of paying his share of reasonable well costs out of production, and that any such owner who pays his share of estimated well costs as provided above shall remain liable for operating costs but shall not be liable for risk charges.

(6) That the operator shall furnish the Division and each known working interest owner an itemized schedule of actual well costs within 90 days following completion of the well; that if no objection to the actual well costs is received by the Division and the Division has not objected within 45 days following receipt of said schedule, the actual well costs shall be the reasonable well costs; provided however, that if there is an objection to actual well costs within said 45-day period the Division will determine reasonable well costs after public notice and hearing.

(7) That within 60 days following determination of reasonable well costs, any non-consenting working interest owner who has paid his share of estimated costs in advance as provided above shall pay to the operator his pro rata share of the amount that reasonable well costs exceed estimated well costs and shall receive from the operator his pro rata share of the amount that estimated well costs exceed reasonable well costs.

(8) That the operator is hereby authorized to withhold the following costs and charges from production:

- (A) The pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.
- (B) As a charge for the risk involved in the drilling of the well, 200 percent of the pro rata share of reasonable well costs attributable to each non-consenting working interest owner who has not paid

his share of estimated well costs within 30 days from the date the schedule of estimated well costs is furnished to him.

(9) That the operator shall distribute said costs and charges withheld from production to the parties who advanced the well costs.

(10) That \$3,660 per month while drilling and \$401.00 per month while producing are hereby fixed as reasonable charges for supervision (combined fixed rates); that the operator is hereby authorized to withhold from production the proportionate share of such supervision charges attributable to each non-consenting working interest, and in addition thereto, the operator is hereby authorized to withhold from production the proportionate share of actual expenditures required for operating such well, not in excess of what are reasonable, attributable to each non-consenting working interest.

(11) That any unsevered mineral interest shall be considered a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest for the purpose of allocating costs and charges under the terms of this order.

(12) That any well costs or charges which are to be paid out of production shall be withheld only from the working interest's share of production, and no costs or charges shall be withheld from production attributable to royalty interests.

(13) That all proceeds from production from the subject well which are not disbursed for any reason shall immediately be placed in escrow in Lea County, New Mexico, to be paid to the true owner thereof upon demand and proof of ownership; that the operator shall notify the Division of the name and address of said escrow agent within 30 days from the date of first deposit with said escrow agent.

(14) That jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.
