CASE NO. 7962
Order No. R-7454-A

IN THE MATTER OF THE HEARING CALLED BY THE OIL CONSERVATION
COMMISSION ON ITS OWN MOTION TO CONSIDER CERTAIN AMENDMENTS
TO RULE 902 OF THE OIL AND GAS RULES AND REGULATIONS.

NUNC PRO TUNC ORDER

BY THE COMMISSION:

It appearing to the Commission that Order No. R-7454,
dated March 2, 1984, does not correctly state the intended
order of the Commission,

IT IS THEREFORE ORDERED:

(1) That Exhibit "A" of Order No. R-7454 is hereby
amended to read in its entirety as follows:

"RULE 902. RATABLE TAKE

(a) Any person now or hereafter engaged in
purchasing from one or more producers, gas produced
from gas wells or casinghead gas produced from oil
wells shall be a common purchaser thereof within each
common source of supply from which it purchases, and
as such it shall purchase gas lawfully produced from
gas wells or casinghead gas produced from oil wells
with which its gas transportation facilities are con-
nected in the pool and other gas lawfully produced
within the pool and tendered to a point on its gas
transportation facilities. Such purchases shall be
made without unreasonable discrimination in favor of
one producer against another in the price paid, the
quantities purchased, the bases of measurement or the
gas transportation facilities afforded for gas of like
quantity, quality, and pressure available from such
wells. In the event any such person is likewise a
producer, he is prohibited to the same extent from
discriminating in favor of himself on production from
gas wells or casinghead gas produced from oil wells
in which he has an interest, direct or indirect, as
against other production from gas wells or casinghead
gas produced from oil wells in the same pool. For the
purposes of this rule reasonable differences in prices
paid or facilities afforded, or both, shall not consti-
tute unreasonable discrimination if such differences

Case No. 7962

Order No. R-7454-A

bear a fair relationship to differences in quality, quantity or pressure of the gas available or to the relative lengths of time during which such gas will be available to the purchaser. The provisions of this subsection shall not apply (1) to any wells or pools used for storage and withdrawal from storage of natural gas originally produced not in violation of the rules, regulations or orders of the Division, (2) to persons purchasing gas principally for use in the recovery or production of oil or gas, or (3) to any well which has been designated a "hardship well" by the Division.

(b) Any common purchaser taking gas produced from gas wells or casinghead gas produced from oil wells from a common source of supply shall take ratably under such rules, regulations and orders, concerning quantity, as may be promulgated by the Division consistent with this rule. The Division, in promulgating such rules, regulations and orders may consider the quality and the deliverability of the gas, the pressure of the gas at the point of delivery, acreage attributable to the well, market requirements in the case of unprorated pools, and other pertinent factors.

(c) Nothing in this rule shall be construed or applied to require, directly or indirectly, any person to purchase gas of a quality or under a pressure or under any other condition by reason of which such gas cannot be economically and satisfactorily used by such purchaser by means of his gas transportation facilities then in service."

(2) That the corrections set forth in this order be entered nunc pro tunc as of March 2, 1984.

DONE at Santa Fe, New Mexico, on this 31st day of May, 1984.
