IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
DIVISION FOR THE PURPOSE OF
CONSIDERING:

CASE NO. 8905
Order No. R-8237

APPLICATION OF OILFIELD SERVICES
FOR AN OIL TREATING PLANT PERMIT,
SAN JUAN COUNTY, NEW MEXICO.

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 8:15 a.m. on May 28, 1986, at Santa Fe, New Mexico, before Examiner Michael E. Stogner.

NOW, on this 9th day of June, 1986, the Division Director, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS THAT:

(1) Due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.

(2) The applicant, Oilfield Services, seeks authority to construct and operate a chemical and heat-treatment type oil treating plant in the SE/4 NW/4 of Section 33, Township 29 North, Range 11 West, NMPM, San Juan County, New Mexico, for the processing of approximately 750 barrels per day of salable crude from tank bottoms, disposal water, and waste pits.

(3) The treating plant should be constructed, operated and maintained in such a manner as to preclude spills and fires, protect persons and livestock, and prevent contamination of fresh waters.

(4) The Director of the Division should be authorized to administratively grant approval for the expansion or modification of said plant.

(5) Authority for operations of the plant should be suspended or rescinded whenever such suspension or rescission

should appear necessary to protect human health or property, to protect fresh water supplies from contamination, to prevent waste, or for non-compliance with the terms and conditions of this order or Division rules.

(6) The treating plant permit should be non transferable.

(7) The subject application should be approved as being in the best interests of conservation.

IT IS THEREFORE ORDERED THAT:

(1) The applicant, Oilfield Services, is hereby authorized to install and operate a chemical and heat-treatment type oil treating plant located in the SE/4 NW/4 of Section 33, Township 29 North, Range 11 West, NMPPM, San Juan County, New Mexico, for the treating and reclaiming of approximately 750 barrels per day of sediment oil to be obtained from tank bottoms, waste pits and disposal water subject to the following terms and conditions:

(a) the facility shall have adequate fencing, gates, and cattle guards installed and maintained to provide protection for livestock and preclude entry by persons during periods when the facility is unattended.

(b) the facility shall be operated and maintained in such a manner that spills or leaks will be prevented and that any spill or leak which should occur will be immediately cleaned up;

(c) there shall be a fifteen foot fireline cleared of all debris and vegetation encircling the facility site; and,

(d) dikes shall be constructed around the facility capable of holding the entire capacity of all tanks and vessels at the site.

(2) Prior to commencing operation of said plant, the applicant shall file with the Division and obtain approval of a treating plant bond in an amount as provided and conditioned upon terms and requirements of Division Rule 312.

(3) The disposal of waste fluids or solids accumulated in conjunction with the operation of the above-described plant on the surface of the ground, or in any pit, pond, lake, depression, draw, streambed, or arroyo, or in any watercourse,

-3-

Order No. 8905
Case No. R-8237

or in any other place or in any manner which will constitute a hazard to any fresh water supplies is hereby prohibited.

(4) The Director of the Division may administratively grant authority for the expansion or modification of said plant upon request and a demonstration that such expansion or modification is upon contiguous acreage and is otherwise consistent with this order and Division Rules and Regulations.

(5) Authority for operations of the facility may be suspended or rescinded should such suspension or rescission appear necessary to protect human health or property, to protect fresh water supplies from contamination, to prevent waste or for non-compliance with this order or Division rules.

(6) This treating plant authorization is non transferable to any other location or operator.

(7) Jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
