

STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
DIVISION FOR THE PURPOSE OF
CONSIDERING:

CASE NO. 10126
ORDER NO. R-9351

APPLICATION OF BHP PETROLEUM (AMERICAS)
INC. FOR AN UNORTHODOX OIL WELL LOCATION,
LEA COUNTY, NEW MEXICO

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 8:15 a.m. on October 17 and 31, 1990, at Santa Fe, New Mexico, before Examiner Michael E. Stogner.

NOW, on this 7th day of November, 1990, the Division Director, having considered the testimony, the record and the recommendations of the Examiner, and being fully advised in the premises,

FINDS THAT:

- (1) Due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.
- (2) The applicant, BHP Petroleum (Americas) Inc., seeks approval of an unorthodox oil well location 1250 feet from the South line and 1725 feet from the East line (Unit O) of Section 20, Township 17 South, Range 37 East, NMPM, to test the Strawn formation, Lea County, New Mexico.
- (3) The SW/4 SE/4 of said Section 20 is to be dedicated to the well forming a 40-acre oil spacing and proration unit for said pool.
- (4) The applicant presented geological evidence and testimony which indicates that a well drilled at the proposed location should penetrate a small algal reef mound within the Strawn formation at a more structurally advantageous position than a well drilled at a standard location thereon, thereby increasing the likelihood of obtaining commercial production.

(5) No offset operator or interested party objected to the proposed unorthodox location.

(6) Approval of the subject application will afford the applicant the opportunity to produce its just and equitable share of the oil in the affected formation, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells and will otherwise prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED THAT:

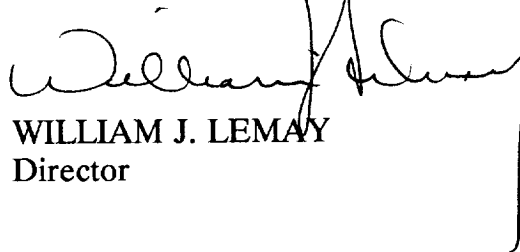

(1) The application of BHP Petroleum (Americas) Inc. for an unorthodox oil well location for the Strawn formation is hereby approved for a well to be located at a point 1250 feet from the South line and 1725 feet from the East line (Unit O) of Section 20, Township 17 South, Range 37 East, NMPM, Lea County, New Mexico.

(2) The SW/4 SE/4 of said Section 20 shall be dedicated to the above-described well forming a 40-acre oil spacing and proration unit for said pool.

(3) Jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
