## Release Notification

### Responsible Party

Responsible Party Ameredev Operating, LLC	OGRID 372224
Contact Name Shane M <sup>c</sup> Neely	Contact Telephone 737-300-4729
Contact email smcneely@ameredev.com	Incident # (assigned by OCD)
Contact mailing address 2901 Via Fortuna Suite 600, Austin, Texas 78746	

### Location of Release Source

Latitude 32.0761 \_\_\_\_\_ Longitude -103.28175° (approx.) \_\_\_\_\_  
(NAD 83 in decimal degrees to 5 decimal places)

Site Name DeSoto Sprints Recycling Containment	Site Type Recycling Containment
Date Release Discovered 8/4/2020 7 am	API# (if applicable)

Unit Letter	Section	Township	Range	County
A	5	26S	36E	Lea

Surface Owner: ☐ State ☐ Federal ☐ Tribal ☒ Private (Name: EOG Resources) \_\_\_\_\_

### Nature and Volume of Release

Material(s) Released (Select all that apply and attach calculations or specific justification for the volumes provided below)

<input type="checkbox"/> Crude Oil	Volume Released (bbls)	Volume Recovered (bbls)
<input checked="" type="checkbox"/> Produced Water	Volume Released (bbls) Unknown	Volume Recovered (bbls) 0
	Is the concentration of dissolved chloride in the produced water >10,000 mg/l?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
<input type="checkbox"/> Condensate	Volume Released (bbls)	Volume Recovered (bbls)
<input type="checkbox"/> Natural Gas	Volume Released (Mcf)	Volume Recovered (Mcf)
<input type="checkbox"/> Other (describe)	Volume/Weight Released (provide units)	Volume/Weight Recovered (provide units)

Cause of Release: Gasket on a water transport pump failed and created a spray of produced water with a few small pooling areas.

Was this a major release as defined by 19.15.29.7(A) NMAC?  <input type="checkbox"/> Yes <input type="checkbox"/> No	If YES, for what reason(s) does the responsible party consider this a major release? There are no reasonable data at this time to determine if this release less than 25 bbls. Therefore, we are reporting the release within the 24-hour window and will provide an estimate of the volume of the release after site characterization.
If YES, was immediate notice given to the OCD? By whom? To whom? When and by what means (phone, email, etc)? This form was transmitted to <a href="mailto:ocd.enviro@state.nm.us">ocd.enviro@state.nm.us</a> with return/read receipt.	

## Initial Response

*The responsible party must undertake the following actions immediately unless they could create a safety hazard that would result in injury*

<input checked="" type="checkbox"/> The source of the release has been stopped. <input checked="" type="checkbox"/> The impacted area has been secured to protect human health and the environment. <input type="checkbox"/> Released materials have been contained via the use of berms or dikes, absorbent pads, or other containment devices. <input type="checkbox"/> All free liquids and recoverable materials have been removed and managed appropriately.
If all the actions described above have <u>not</u> been undertaken, explain why: A relatively small volume of produced water soaked into the soil while much of the release fell as a spray. Ameredev will <ol style="list-style-type: none"><li>1. Outline the spill footprint on the ground on with a GPS</li><li>2. Make a 1-call as necessary</li><li>3. Cause excavation of impacted material in any pooling areas before August 11</li><li>4. Place the excavated material within the spill footprint where pooling did not occur and</li><li>5. Secure a 12-mil (minimum) synthetic liner over the stockpile to minimize the potential of downward seepage after precipitation</li><li>6. Notify NMOCD 48 hours prior to site characterization sampling.</li></ol>
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.  Printed Name: <u>Randall Hicks</u> Title: <u>Consultant for Ameredev Operating LLC</u>  Signature: <u></u> Date: <u>8/4/2020</u>  email: <a href="mailto:r@rthicksconsult.com">r@rthicksconsult.com</a> AND <a href="mailto:smcneely@ameredev.com">smcneely@ameredev.com</a> Telephone: Hicks: 505 238 9515 AND McNeely : (737) 300-4729
Per 19.15.29.8 B. (4) NMAC the responsible party may commence remediation immediately after discovery of a release. If remediation has begun, please attach a narrative of actions to date. If remedial efforts have been successfully completed or if the release occurred within a lined containment area (see 19.15.29.11(A)(5)(a) NMAC), please attach all information needed for closure evaluation.
