All,

This proposal for remediation of the above referenced release, and the proposal to perform a thorough, visual inspection of the battery liner, is approved. Notify the OCD District 2 office once remedial activities have been scheduled, and, notify the OCD District 2 office once the liner has been exposed and is ready for inspection.

If you have any questions or concerns, please contact me.

Thank you,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
