**QUESTIONS**

| Prerequisites     |                                          |
|-------------------|------------------------------------------|
| Incident ID (n#)  | nPAC0628649384                           |
| Incident Name     | NPAC0628649384 VACUUM ABO BATTERY #2 @ 0 |
| Incident Type     | Produced Water Release                   |
| Incident Status   | Initial C-141 Approved                   |
| Incident Facility | [fPAC0628649265] VACUUM ABO BATTERY #2   |

| Location of Release Source |                       |
|----------------------------|-----------------------|
| Site Name                  | VACUUM ABO BATTERY #2 |
| Date Release Discovered    | 10/04/2006            |
| Surface Owner              | State                 |

| Sampling Event General Information                                                              |                        |
|-------------------------------------------------------------------------------------------------|------------------------|
| <i>Please answer all the questions in this group.</i>                                           |                        |
| What is the sampling surface area in square feet                                                | 4,753                  |
| What is the estimated number of samples that will be gathered                                   | 27                     |
| Sampling date pursuant to Subparagraph (a) of Paragraph (1) of Subsection D of 19.15.29.12 NMAC | 07/02/2025             |
| Time sampling will commence                                                                     | 08:00 AM               |
| Please provide any information necessary for observers to contact samplers                      | Terrell (361) 219-2353 |
| Please provide any information necessary for navigation to sampling site                        | 32.778217, -103.463957 |

CONDITIONS

| Created By | Condition                                                                                                                                                                                                      | Condition Date |
|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| cstraub    | Failure to notify the OCD of sampling events including any changes in date/time per the requirements of 19.15.29.12.D.(1).(a) NMAC, may result in the remediation closure samples not being accepted.          | 6/27/2025      |
| cstraub    | If confirmation sampling is going to take place over multiple days, individual C-141N applications must be submitted for each sampling date. Date ranges are not currently accepted on the C-141N application. | 6/27/2025      |
