13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

On behalf of Salt Creek Midstream, LLC, we are requesting a one (1) year extension for the drilling permit/APD for the Salt Creek AGI #1 well (API: 30-025-46746), which is currently set to expire on January 21, 2022.

Injection authority was granted for this well by the New Mexico Oil Conservation Commission (NMOCC) in January 2020 (NMOCC Order R-20913-C), and an extension to the duration of that authority was granted in December 2020 through the issuance of NMOCC Order R-20913-D, which remains valid until December 28, 2022.

Salt Creek intends to move forward with drilling and completion of this AGI well and continues to progress with internal planning and preparation for the project, however, it is anticipated that the well will not be spud before the January 21, 2022 expiration date of the approved drilling permit/APD. As such, Salt Creek respectfully requests a one (1) year extension to allow for sufficient time to plan and coordinate operations to drill and complete the well.

Spud Date:

N/A

Rig Release Date:
