Procedure Description: Dugan Production Corp. requests extension of the TA status of this well until 8/10/2023. The lease is held by production from other wells on the lease. Our plan for this well is to drill out the BP, run tubing and put the well on production as field operating conditions (availability of rigs, available field compression, pipeline pressures, etc.) improve. We request BLM approval to extend TA status of this well. OCD approval expires 8/2/2024.
