Plan Revision: Le Mans 24 19 #304H - #306H

Tascosa proposes to shift the surface locations of the Le Mans 24 19 St Com #304, #305 & #306, to better accommodate the drilling rig. Currently the wellheads are located 50' apart from each other, but our rig requires the wellhead spacing to be 30'. Please see the attached C-102s for the new surface locations. The pad location and dimensions will remain unchanged.
