CONDITIONS OF APPROVAL

Sundry Notice of Intent ID # 2759593 Request for Temporary Abandonment

Operator: Hilcorp Energy Company
Lease: NMSF 079439A
Agreement: NMNM 78409A
Well(s): San Juan 27-5 Unit 144, API # 30-039-20467
Location: NESW Sec 35 T27N R5W (Rio Arriba County, NM)

The request for Temporary Abandonment (TA) is approved with the following conditions:

1. No well shall be TA without prior approval from the authorized officer or representative.
2. This approval is granted for a 12-month period until November 1, 2024. Before this approval expires one of the following shall be submitted:
 - a. A sundry notice (Notice of Intent – Temporary Abandonment) to keep the well in TA status with engineering and/or economic justification for up another 12-month period. Provide actual details as to what Hilcorp is planning for this well (what zones uphole are being considered, when does Hilcorp plan to recomplete the well, when will the well be returned to production in the future, etc.).
 - b. A sundry notice (Notification – Resume Production) with resumption of production reported.
 - c. A sundry notice (Notice of Intent – Plug and Abandonment) to plug and abandon (P&A) the well. While not necessary to P&A before November 1, 2024, a sundry notice must be submitted prior to that date. The P&A will then have to occur within one year of the approval of the NOI.
3. This agency reserves the right to modify or rescind approval. A plug or produce order may still be issued at the discretion of the authorized officer.

4. The lease is currently held by production from other wells. Should production from the lease cease, the BLM may require this well be returned to production or P&A, regardless of the amount of time the TA status is still approved for.

For questions concerning this matter, please contact Matthew Kade, Petroleum Engineer at the BLM Farmington Field Office, at (505) 564-7736 or mkade@blm.gov.
