Re: Notification and Verification of a Standard Well Location for the Streetcar 15  
Fed 108H (30-025-47511), Sec 15, T25S, R33E, Lea County, NM

Dear Mr. Lowe:

Included with this letter are the following documents demonstrating that the above referenced well will be drilled at a standard oil well location:

- C-102 Plat dated October 17, 2023 showing the proposed location of the Streetcar 15 Fed 108H (pending sundry name change from Streetcar 15 Fed 404H), respectively;
- "Area of Common Ownership Plat" separately showing the spacing unit for the well; and
- Certification of Ownership demonstrating the outlined area on the plat is comprised of one federal lease, with uniform ownership.

19.15.16.15.C(7) NMAC provides that in area of common ownership (here, one federal lease) the setback requirements only apply to the outer boundary of the area of uniform ownership, not the spacing unit within the area of uniform ownership. Since the area to the east towards which this well encroaches is within the documented "area of common ownership," this well is at a standard location and approval of a non-standard location for the well is not necessary.

Please place this Notification and Verification of a Standard Well Location in the well files for Streetcar 15 Fed 108H (30-025-47511).

Respectfully submitted,

A handwritten signature in black ink that reads "Lisa Youngblood".

Diagram showing well location and acreage dedication plat. The diagram includes a grid with Township 25-S, Range 33-E, and Section 15. The well location is marked with a red dot and labeled 'LEASE WELL'. The diagram also shows the Surface Location (SHL), Upper Most Perforation (UMP), Lower Most Perforation (LMP), Bottom Hole Location (BHL), and Kick Off Point (KOP). The diagram includes coordinates for each point and dimensions for the well location and acreage dedication plat.
