## CONDITIONS OF APPROVAL

### Sundry Notice of Intent ID # 2783028 Request to Extend Temporary Abandonment

---

<b>Operator:</b>	LOGOS Operating LLC
<b>Lease:</b>	NMNM 09967
<b>Agreement:</b>	NMNM 127404
<b>Well(s):</b>	CJ Holder Com 201S, API # 30-045-34945
<b>Location:</b>	NWNE Sec 27 T28N R13W (San Juan County, NM)

The request to extend the temporary abandonment (TA) is approved with the following conditions:

1. No well shall be TA without prior approval from the authorized officer or representative.
2. This approval is granted for a 12-month period until April 22, 2025. Before this approval expires one of the following shall be submitted:
  - a. A sundry notice (Notice of Intent – Temporary Abandonment) to keep the well in TA status with engineering and/or economic justification for up to another 12-month period. Provide actual details as to what LOGOS plans for this well (are zones being considered for recompletion, when would LOGOS recomple the well, when will LOGOS return the well to production, etc.). Dates do not have to be exact but should be reasonable approximation.
  - b. A sundry notice (Notification – Resume Production) with resumption of production reported within 5 business days after the well was returned to production.
  - c. A sundry notice (Notice of Intent – Plug and Abandonment) to plug and abandon (P&A) the well. While not necessary to P&A before April 22, 2025, a sundry notice must be submitted prior to that date. Plugging would have to occur within one year of approval.
3. This agency reserves the right to modify or rescind approval. A plug or produce order may still be issued at the discretion of the authorized officer.

4. The lease is currently held by production from other wells. Should production from the lease cease, the BLM may require this well be returned to production or P&A, regardless of the amount of time the TA status is still approved for.
