---

As this meets the 25' rustler penetration set depth requirement standard per BLM geologists, I am okay with setting your surface casing with the 42' overlap.

Please reach out if you have any further questions or issues.

Thanks and have a good holiday.

Good Morning,

Per our conversation this morning, we will be setting casing at 959'. Our records indicated the Rustler is at 917'. We were hoping for confirmation to proceed. Let me know if you need any other information.

Thanks,
