13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Maverick Permian LLC conducted remedial work to repair a surface casing leak 7/11/2024-8/14/2024

Pulled ESP & found 2 bad legs in cable, and cap string was leaking. Tubing was in excellent shape with no pitting. Set RBP above perfs and went whole hunting. Found hole in prod casing 3' from surface. Dug out around well & replaced bad section of casing. Ran back ESP with new cable and cap string hydrotesting tubing.

BH test was conducted only due to well being a producing well on ESP. He approved over phone.
