## Additional Information

### Additional Remarks

30-025-51333 DAUNTLESS 7 FED #104H

30-025-51334 DAUNTLESS 7 FED #106H

The simultaneous development and production of all formations would exceed infrastructure capacities potentially resulting in the need to flare gas and/or truck oil and water. In order to assess reservoir quality and multi-zone development, the utilization of these permits has been delayed.

We plan to spud these wells on 9/30/25.
