Notice of Intent

Sundry ID: 2877965

Type of Submission: Notice of Intent	Type of Action: Temporary Abandonment
Date Sundry Submitted: 10/09/2025	Time Sundry Submitted: 02:47
Date proposed operation will begin: 10/09/2025	

Procedure Description: LOGOS Operating request permission to extend the temporary abandonment status for one year (through November 1, 2026), with the intent to return the well to production in 2026 once Pad 5 production has stabilized and reservoir pressure has dissipated. Justification for the extension: • Recent completion activity in the area — rigging up on 180A at this time would require shutting in the new Pad 5 wells, which would be detrimental to the reservoir during early flowback.

Surface Disturbance

Is any additional surface disturbance proposed?: No
