To whom it may concern,

This email is to establish one additional condition for approval for the above referenced well intended to develop the [96649] SHOE BAR; STRAWN, NORTHEAST Pool. The BHL and intended production is from unit letter N in section 8 of 16S and 36E in Lea County and falls within the order-defined limits of this specific pool.

This pool has ordered special pool rules that have created 80-acre spacing units for this oil pool. As the operator is seeking a 40-acre spacing unit for their well, an approved NSP order will be required prior to production.

This notice to append the approved APD will be included in the Division's records on file.

Regards,

Jeff Harrison • Senior Petroleum Specialist
