RE: 2018 Supplemental Plan of Development  
Nash Unit (NM70992X)  
Township 23 South, Range 29 and 30 East  
Eddy County, New Mexico

Ladies and Gentlemen:

As operator of the Nash Unit, and in compliance with the terms of the Nash Unit Agreement dated June 1, 1974, XTO Holdings LLC (XTO) hereby submits for SLO review this letter with the attached Exhibit "A" as a Supplement to its previously submitted 2018 Plan of Development (POD).

The wells listed on the attached Exhibit "A" constitute those for which XTO is currently in the process of preparing to submit applications for permits to drill (APDs), or those for which it has already submitted APDs to BLM for approval. Also notice the approved drilling island from which each well will be drilled has also been designated. All effected unit leases upon which these wells will be drilled are fully committed to Nash.

At its earliest opportunity, XTO respectfully requests SLO to provide its approval of this 2018 Supplemental Plan of Development of wells listed on the attached Exhibit "A".

Should you have any questions, or need additional information, I can be reached at the contact information shown above.

Sincerely,

Vincent Cuccerre, RPL  
Landman
