Mike, you are correct according to the paper support. Burlington's computerized records show 4-16-80, as the spud date and I used the computer record to complete my application. Should have reviewed the papers when I received them.

Burlington hereby withdraws the well determination filing on the Mims State Com #1A.

Jim,

On November 20, 2002 I sent Burlington a letter of deficiency (see attached) concerning the NGPA Section 107 - Tight Formation request of November 4, 2002 for the Mims State Com. Well No. 1-A (30-045-23532).

It is now Dec. 11th and I have not received a reply. Does Burlington require additional time to respond or was this request a mistake and should be dismissed?

Thank you.
