Case No. 22036

SELF-AFFIRMED STATEMENT OF JORDAN CARRELL

Jordan Carrell deposes and states:

1. I am over the age of 18, and have personal knowledge of the matters stated herein.
2. I am a geologist for Mewbourne Oil Company ("Mewbourne"), and I am familiar with the geological matters involved in these cases. I have been qualified by the Division as an expert petroleum geologist.

3. The following geological plats are attached hereto:

- (a) Attachment A is a structure map on the 3rd Bone Spring Carbonate which is the base of the 2nd Bone Spring Sand. It shows that structure dips to the southwest. It also shows all the Bone Spring horizontal wells in the area, and a line of cross-section.
- (b) Attachment B is a Lower 2nd Bone Spring Sand Gross Thickness Map. This map shows the locations of the two proposed 2nd Bone Spring Sand wells, Inland 26/23 B2ML State Com 1H and Inland 26/23 B2NK State Com 1H.
- (c) Attachment C is 3rd Bone Spring Sand Gross Thickness Map. This map shows the locations of the two proposed 3rd Bone Spring Sand wells, Inland 26/23 B3ML State Com 1H and Inland 26/23 B3NK State Com 1H.
- (d) Attachment D is a cross section of the 2nd Bone Spring Sand and 3rd Bone Spring Sand and shows the planned target zones for each well.

The well logs on the cross-section give a representative sample of the 2nd Bone Spring Sand in this area. The sand is continuous and uniformly thick across the well units.

4. I conclude from the maps that:

EXHIBIT 3

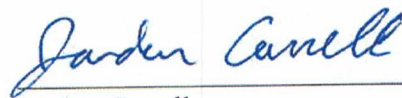

- (a) The horizontal spacing units are justified from a geologic standpoint.
- (b) The target zones are continuous and of relatively uniform thickness across the well units.
- (c) Each quarter-quarter section in the well units will contribute more or less equally to production from the target zone.
- (d) There is no faulting or other geologic impediment in the area which will affect drilling of the subject wells.

5. Attachment E contains production information from other 2nd and 3rd Bone Spring Sand wells drilled in this area. The 2nd & 3rd Bone Spring wells in this area are all standup wells.

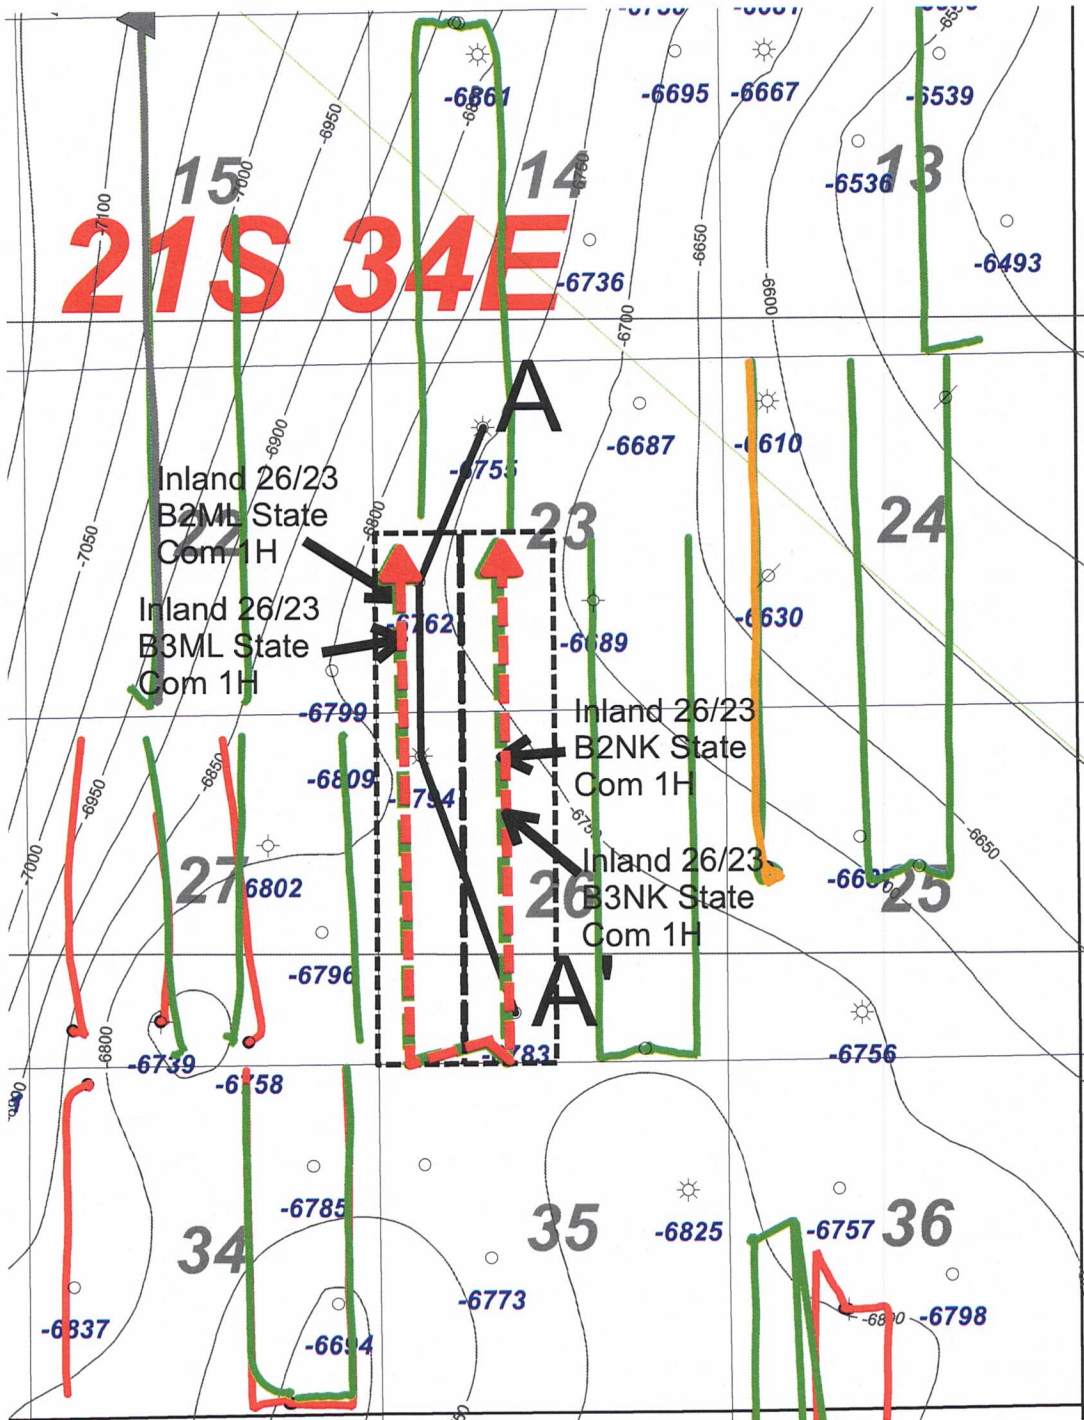

6. Attachment F contains the horizontal drilling plans for the proposed wells. The producing intervals of the wells will be orthodox.

7. I understand that this Self-Affirmed Statement will be used as written testimony in these cases. I affirm that my testimony in paragraphs 1 through 6 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.
