APPLICANT’S STATEMENT OF THE CASE

Chisholm seeks an order correcting the depth designation of the upper Bone Spring interval of the Bone Spring formation pooled by the Division under Order R-21917. This order pooled uncommitted mineral owners in an upper Bone Spring formation interval underlying a standard 324.18-acre, more or less, horizontal spacing unit comprised of the W/2 E/2 of Sections 2 and 11, Township 19 South, Range 33 East, NMPM, Lea County, New Mexico, to be initially dedicated

to the proposed **Ram 2-11 Fed 1BS Com #10H** well. The materials filed in Case 22175 and the resulting pooling Order R-21917 mistakenly describe the pooled upper Bone Spring interval as “the top of the formation to a depth of 9,651 feet, as defined in the Schlumberger Lone Ranger “11” Federal No. 1 well (API No. 30-025-33560).” The correct designation of the pooled upper Bone Spring interval is “the stratigraphic equivalent of the top of the Bone Spring formation to a depth of 9,561 feet, as defined in the Schlumberger Lone Ranger “11” Federal No. 1 well (API No. 30-025-33560).” No other changes are sought to existing Order R-21917.

APPLICANT’S PROPOSED EVIDENCE

WITNESS Name and Expertise	ESTIMATED TIME	EXHIBITS
Luke Shelton, Landman	Affidavit	None

PROCEDURAL MATTERS

Chisholm plans to present this case by affidavit if uncontested at the time of hearing.

Respectfully submitted,
