Case No. 22726

REPLACEMENT SELF-AFFIRMED STATEMENT OF MITCH ROBB

Mitch Robb, being duly sworn upon his oath, deposes and states:

1. I am a landman for Mewbourne Oil Company (“Mewbourne”), and have personal knowledge of the matters stated herein. I have been qualified by the Division as an expert petroleum landman.
2. I am familiar with the applications filed by Mewbourne in the above cases. Pursuant to Division rules the following information is submitted in support of the applications.
3. No opposition is expected because the affected interest owners been notified regarding amending the subject orders, and have not objected or entered an appearance.
4. In these cases Mewbourne seeks orders amending the subject orders, issued on July 22, 2021, to extend the well commencement deadlines one year, to July 22, 2023. The subject orders are submitted as Attachment A.
5. The orders pooled all mineral interests in the Bone Spring formation in horizontal spacing units collectively covering Sections 18 and 17, Township 18 South, Range 31 East, NMPM, for the purpose of drilling four “Local Legend” wells.

Replacement
EXHIBIT *2*

6. Good cause exists for Mewbourne's request for an extension of time to commence drilling, due to the Bureau of Land Management's failure to approve the APDs for the wells. Mewbourne still plans on drilling the well when APDs are approved.

7. Mewbourne requests that the deadline to commence the drilling of the subject wells be extended for one year from July 22, 2022 to July 22, 2023.

8. Mewbourne is in good standing under the Division's Rules.

9. The granting of these applications will prevent waste and protect correlative rights.

I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 9 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

Date: (Effective) 6/14/22

Mitch Robb
