STATE OF NEW MEXICO  
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT  
OIL CONSERVATION DIVISION

APPLICATION OF MEWBOURNE  
OIL COMPANY FOR COMPULSORY  
POOLING, LEA COUNTY, NEW MEXICO.

CASE NO. 22953

APPLICATION

Mewbourne Oil Company (“Mewbourne” or “Applicant” ) (OGRID No. 14744), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted interests in the Bone Spring formation underlying a standard 320-acre, more or less, horizontal spacing unit comprised of W2E2 of Sections 15 and 10, Township 18 South, Range 33 East, NMPM, Lea County, New Mexico. In support of its application, Mewbourne states:

1. Applicant is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced spacing unit to the proposed **Bravos 15-10 B2OB Fed Com 1H** well to be horizontally drilled from a surface location in the SE4SE4 (Unit P) of Section 15 to a bottom hole location in NW4NE4 (Unit B) of Section 10.
3. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all the working interest owners in the subject spacing unit.
4. The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

BEFORE THE OIL CONSERVATION DIVISION  
Santa Fe, New Mexico  
Exhibit No. B  
Submitted by: Mewbourne Oil Company  
Hearing Date: August 04, 2022  
Case Nos. 22953-22954

5. To allow the recovery of Applicant's just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this horizontal spacing unit should be pooled, and Applicant should be designated the operator of the proposed horizontal wells and spacing unit.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on August 4, 2022, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the horizontal spacing unit and approving the initial well thereon;
- B. Designating Applicant as operator of the horizontal spacing unit and the horizontal wells to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, equipping, and completing the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the wells against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

HOLLAND & HART LLP

**ATTORNEYS FOR MEWBOURNE OIL  
COMPANY**

**STATE OF NEW MEXICO  
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES  
OIL CONSERVATION DIVISION**

**APPLICATIONS OF MEWBOURNE OIL COMPANY  
FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.**

**CASE NOS. 22953-22954**

**SELF AFFIRMED STATEMENT OF TYLER JOLLY, LANDMAN**

1. My name is Tyler Jolly, and I am employed by Mewbourne Oil Company (“Mewbourne”) as a Landman. My responsibilities include the Permian Basin of New Mexico. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters and my credentials have been accepted by the Division and made a matter of record.

2. I am familiar with the applications filed by Mewbourne in these consolidated matters and the status of the lands in the subject area. None of the mineral owners to be pooled have expressed opposition to this proceeding, so I do not expect any opposition at the hearing.

3. Mewbourne seeks orders pooling all uncommitted interests in the Bone Spring formation [Mescalero Escarpe; Bone Spring (45793)] underlying the E/2 of Sections 10 and 15, Township 18 South, Range 33 East, NMPM, Lea County, New Mexico as follows:

- Under **Case 22953**, Mewbourne seeks to pool a standard 320-acre, more or less, horizontal spacing unit comprised of W/2 E/2 of Sections 15 and 10, Township 18 South, Range 33 East, to be initially dedicated to the proposed **Bravos 15/10 B2OB Fed Com 1H** well to be horizontally drilled from a surface location in the SE/4 SE/4 (Unit P) of Section 15 to a bottom hole location in NW/4 NE/4 (Unit B) of Section 10.

BEFORE THE OIL CONSERVATION DIVISION  
Santa Fe, New Mexico  
Exhibit No. C  
Submitted by: Mewbourne Oil Company  
Hearing Date: August 04, 2022  
Case Nos. 22953-22954

- Under **Case 22954**, Mewbourne seeks to pool a standard 320-acre, more or less, horizontal spacing unit comprised of E/2 E/2 of Sections 15 and 10, Township 18 South, Range 33 East, to be initially dedicated to the proposed **Bravos 15/10 B2PA Fed Com 1H** well to be horizontally drilled from a surface location in the SE/4 SE/4 (Unit P) of Section 15 to a bottom hole location in NE4NE4 (Unit A) of Section 10.
4. Mewbourne has sought but been unable to obtain voluntary agreement for the development of these lands from all mineral interest owners in the subject acreage.
  5. **Exhibit C-1** contains the Form C-102s for the proposed initial wells. They reflect that the wells will be at standard locations under the Division's statewide rules for oil wells.
  6. **Exhibit C-2** identifies the tracts of land comprising the proposed spacing units and the lateral trajectory of the proposed wells. The acreage is comprised of state and federal lands.
  7. **Exhibit C-3** the working interest ownership in each tract and their respective interest in the horizontal spacing units. Mewbourne has identified the "uncommitted" working interest owners that remain to be pooled in red.
  8. Mewbourne has examined the county records, conducted computer searches and engaged in other good faith efforts to locate all of the mineral owners that it seeks to pool.
  9. **Exhibit C-4** contains a sample of the well proposal letter and AFE for the proposed wells submitted to the working interest owners that Mewbourne has been able to locate. The costs reflected in these AFEs are consistent with what Mewbourne and other operators have incurred for drilling similar horizontal wells in the area in this formation.

10. **Exhibit C-5** contains a chronology of the contacts with the uncommitted mineral owners. Mewbourne has made a good faith effort to obtain voluntary joinder of these owners in the proposed spacing units and initial wells.

11. Mewbourne requests overhead and administrative rates of \$8,000 per month for drilling and \$800 per month for a producing well. These rates are consistent with the rates charged by Mewbourne and other operators for similar wells in this area.

12. I have provided the law firm of Holland and Hart LLP, with the names and addresses of the mineral owners that remain to be pooled and instructed that they be notified of this hearing.

13. Exhibits C-1 through C-5 were prepared by me or compiled under my direction from company business records.

14. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Re: Bravos 15-10 Working Interest  
Unit and Well Proposals  
E2 of Section 15 and E2 of Section 10  
T18S, R33E, Lea County, New Mexico

Ladies and Gentlemen:

Mewbourne Oil Company ("MOC"), as Operator, hereby proposes creating a working interest unit comprising of the E2 of Section 15 and E2 of Section 10, T18S, R33E, Lea County, New Mexico. As part of the initial development of this unit, MOC hereby proposes the following wells targeting the 2<sup>nd</sup> Bone Spring Sand interval within the Bone Spring formation:

- 1) BRAVOS 15-10 B2PA FED COM #1H – API # - pending  
Surface Location: 255' FSL, 870' FEL, Section 15, T18S, R33E  
Bottom Hole Location: 100' FNL, 500' FEL, Section 10, T18S, R33E  
Proposed Total Vertical Depth: 9500'  
Proposed Total Measured Depth: 19800'  
Target: 2<sup>nd</sup> Bone Spring Sand
- 2) BRAVOS 15-10 B2OB FED COM #1H – API # - pending  
Surface Location: 255' FSL, 900' FEL, Section 15, T18S, R33E  
Bottom Hole Location: 100' FNL, 2050' FEL, Section 10, T18S, R33E  
Proposed Total Vertical Depth: 9500'  
Proposed Total Measured Depth: 19800'  
Target: 2<sup>nd</sup> Bone Spring Sand

The wells will be pad drilled with the first well tentatively planned to spud in 4<sup>th</sup> quarter 2022. In the event you elect to participate in the proposed wells, please execute the enclosed set of Operating Agreement signature and acknowledgement pages and AFEs before returning them to the undersigned within thirty (30) days. The enclosed Operating Agreement provides a non-consent penalty of 300%/100% and COPAS drilling/producing rates of \$8000/month and \$800/month respectively. A final Exhibit A will be provided after all elections are made. Please enclose your most current well information requirements with your executed AFEs so that we may supply well data when available.

BEFORE THE OIL CONSERVATION DIVISION  
Santa Fe, New Mexico  
Exhibit No. C4  
Submitted by: Mewbourne Oil Company  
Hearing Date: August 04, 2022  
Case Nos. 22953-22954

Please contact me at (432) 682-3715 or [tjolly@mewbourne.com](mailto:tjolly@mewbourne.com) if you have any questions or need additional information.

Very truly yours,

**MEWBOURNE OIL COMPANY**

Extra Expense Insurance

I elect to be covered by Operator's Extra Expense Insurance and pay my proportionate share of the premium.  
Operator has secured Extra Expense Insurance covering costs of well control, clean up and redrilling as estimated in Line Item 0180-0185.

I elect to purchase my own well control insurance policy.

If neither box is checked above, non-operating working interest owner elects to be covered by Operator's well control insurance.

Extra Expense Insurance

I elect to be covered by Operator's Extra Expense Insurance and pay my proportionate share of the premium.  
Operator has secured Extra Expense Insurance covering costs of well control, clean up and redrilling as estimated in Line Item 0180-0185.

I elect to purchase my own well control insurance policy.

If neither box is checked above, non-operating working interest owner elects to be covered by Operator's well control insurance.

**STATE OF NEW MEXICO  
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT  
OIL CONSERVATION DIVISION**

**APPLICATIONS OF MEWBOURNE OIL COMPANY  
FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.**

**CASE NOS. 22953-22954**

**SELF-AFFIRMED STATEMENT OF JORDAN CARRELL**

1. My name is Jordan Carrell, and I am employed by Mewbourne Oil Company (“Mewbourne”) as a geologist. My responsibilities include the Permian Basin of New Mexico. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology and my credentials have been accepted by the Division and made a matter of record.

2. I am familiar with the applications filed by Mewbourne in these consolidated matters and have conducted a geologic study of the subject area.

3. The target interval for the proposed initial Bravos 15/10 wells is the Second Bone Spring Sands within the Bone Spring formation.

4. **Exhibit D-1** is a regional map showing the northern end of the Delaware Basin within Lea County and where the Bravos 15/10 drilling units are located.

5. **Exhibit D-2** is a subsea structure map on the top of the Second Bone Spring Sand. The contour intervals are 100 feet. The area comprising the proposed spacing units is outlined in a dark blue dashed line, with the approximate location and orientation of the initial wells noted with dashed green lines. The structure map shows the Bone Spring formation dipping south across the units. The structure appears consistent across the proposed spacing units, and I do not observe

BEFORE THE OIL CONSERVATION DIVISION

Case Nos. 22953-22954

any faulting, pinch outs, or other geologic impediments to drilling horizontal wells. It also shows existing Bone Spring horizontal wells in the area in solid green lines.

6. **Exhibit D-2** also depicts a line of cross section through the proposed horizontal spacing units from A to A'. I chose the logs from these wells to create the cross section because they penetrate the targeted interval and are of good quality. In my opinion, these well logs are representative of the geology in the subject area.

7. **Exhibit D-3** is a cross-section that I prepared using the logs from the representative wells shown on Exhibit D-2. Each well on the cross-section contains gamma ray, resistivity, and porosity logs. The target interval for the Bravos 15/10 B2OB Fed Com 1H and Bravos 15/10 B2PA Fed Com 1H is marked on the cross section. The cross-section demonstrates that the targeted interval is continuous and uniformly thick across the proposed spacing units.

8. My geologic study indicates the Bone Spring formation underlying the subject area is suitable for development by horizontal wells and the acreage comprising the proposed horizontal spacing units will be productive and contribute proportionately to the production from the wells.

9. As noted, Exhibit D-2 also shows the existing Bone Spring development in this area. In my opinion, the standup orientation of the proposed wells is appropriate because of the geologic stress in this area.

10. In my opinion, approval of this application is in the best interest of conservation, the prevention of waste, and protection of correlative rights.

11. Exhibits D-1 through D-3 were either prepared by me or compiled under my direction and supervision.

12. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be

used as written testimony in this case. This statement is made on the date next to my signature below.

**CERTIFIED RECEIPT REQUESTED**

**TO: ALL INTEREST OWNERS SUBJECT TO POOLING PROCEEDINGS**

**Re: Application of Mewbourne Oil Company for Compulsory Pooling, Lea County, New Mexico: *Bravos 15-10 B2OB Fed Com 1H***

Ladies & Gentlemen:

This letter is to advise you that Mewbourne Oil Company has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on August 4, 2022, and the status of the hearing can be monitored through the Division’s website at <http://www.emnrd.state.nm.us/ocd/>.

**During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.**

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Tyler Jolly at (432) 682-3715, or at [tjolly@mewbourne.com](mailto:tjolly@mewbourne.com).
